

Assignments for “All Subjects” Endorsed Teachers

GRADE LEVEL DESIGNATIONS

Michigan has historically issued different education endorsements designating the grade levels or settings for which the teacher was prepared. These designations are maintained on the certificate regardless of when earned. The following description should guide the placement of teachers based upon the designation held:

- **Elementary K-5 All Subjects; K-8 All Subjects Self-Contained**

Classrooms: endorsements are valid for teaching all subjects in grades K-5, either [self-contained](#) or departmentalized assignments.

Holders of these endorsements may also be assigned to teach all subjects in self-contained classroom assignments up through and including grade 8. Certificates with this type of designation may also hold specific subject area endorsements, typically for grades 6-8. Please utilize the [Quick Reference: Courses That Can Be Taught](#) document to identify eligible assignments for these teachers in the endorsed subject area(s) within 6-8 departmentalized settings.

- **Elementary K-8 All Subjects:** endorsements are valid for teaching all subjects in grades K-8. This includes both self-contained and departmentalized classroom settings. Certificates with this type of designation may also hold specific subject area endorsements, typically for grade 9. Please utilize the [Quick Reference: Courses That Can Be Taught](#) document to identify eligible assignments for these teachers in the endorsed subject area(s) within 6-8, and possibly 9, departmentalized settings.

- **Secondary 7-8 All Subjects:** endorsements are valid for teaching all subjects in grades 7-8. This includes both self-contained and departmentalized classroom settings or assignments. Certificates with this type of designation will also hold specific subject area endorsements, typically for grades 6-12. Please utilize the [Quick Reference: Courses That](#)

[Can Be Taught](#) document to appropriately place these teachers in the endorsed subject area(s) within 6-12 departmentalized settings.

These endorsements all contain “all subjects” designations and authorize the holder, under Michigan law, to teach all subjects within the grade levels indicated. However, the teacher may not be appropriately prepared to teach in a program outside the self-contained classroom setting. The Michigan Department of Education (MDE) **recommends** that districts only assign teachers with the “all subjects” designations to departmentalized courses, or a specialist program outside the self-contained classroom setting (e.g., music, visual arts, physical education, health, reading, technology, library media), if they hold those specific endorsements. This practice may have a significant impact on student achievement.

Recognizing staffing limitations, teachers with these “all subject” designations should only be placed in departmentalized or specialized assignments if they have had appropriate coursework, professional development, have passed a state or nationally recognized subject area assessment, or have completed a locally determined portfolio which further illustrates their skills and content knowledge are appropriate for the assignment.

ADMINISTRATIVE RULES: DEFINITIONS

The [Administrative Rules Governing the Certification of Michigan Teachers](#) provide the following definitions that are necessary in determining teaching assignments for “all subject” designations:

- **Certificate endorsement:** A discipline area that a teacher is authorized to teach at specific grade levels based on completion of an appropriate program and passing the appropriate state teacher discipline area examination.
- **Elementary grade level authorization:** An authorization on a certificate to teach designated subjects in any grade or grade range from prekindergarten to grade 8.

EARLY CHILDHOOD PROGRAMS

Please note that as of September 4, 2014, the ZS endorsement appears on a Michigan teaching certificate as “Early Childhood PK - General and Special Education (ZS).” Holders of the ZS and Early Childhood Education Pre K-K (ZA) endorsements alone are **not** authorized to teach the following:

- K-12 special education **without** also holding a specific special education endorsement, e.g., Learning Disabilities (SM) K-12 and Emotional Impairment (SE) K-12.
- Elementary K-5 **without** also holding a general elementary endorsement.

ASSIGNMENT GUIDANCE

The following table provides examples of eligible teaching assignments for elementary endorsed teachers. For some assignments, specific endorsements are required.

Assignment	Required Endorsement
Kindergarten through grade 8 self-contained classroom and developmental kindergarten (e.g., Young 5s)	Elementary endorsements with the following designations: <ul style="list-style-type: none"> • Elementary K-8 All Subjects • Secondary 7-8 All Subjects (grades 7 and 8 only) • K-5 All Subjects; K-8 All Subjects Self-Contained Classrooms It is recommended that either the Early Childhood Education endorsement (ZA) or the Early Childhood PK- General and Special Education endorsement (ZS) be held by teachers selected to teach at the K-3 grade levels. It is not required by law and is locally determined.
K-5 grade level content in departmentalized classes where a teacher is designated the specialist in mathematics, reading, science, social studies, physical education, music, visual arts, health, Title I reading, Title I math, world languages, technology, or library media, etc. (e.g. 4 th grade science and K-5 physical education).	General Elementary Education endorsements are allowable for K-5 placements. It is recommended that one of the following be evident for teachers selected to teach departmentalized classes: <ul style="list-style-type: none"> • The specific endorsement area be listed on the certificate • Content-specific courses equivalent to a major or minor be completed • Professional development for advanced knowledge in specific subject area be completed • Successful passage of a state or nationally recognized content or proficiency test The above is not required by law and is locally determined.

Assignment	Required Endorsement
Early childhood special education programs for ages 2.5 to 5 years (MARSE MCL 340.1754 Programs)	Early Childhood PK - General and Special Education endorsement (ZS) <p style="text-align: center;">OR</p> Early Childhood PK - General and Special Education endorsement (ZS) and categorical special education endorsement <p style="text-align: center;">OR</p> Early Childhood Education endorsement (ZA) and categorical special education endorsement
Lead Teacher - Preschool: Great Start Readiness Program Title I preschool	Early Childhood Education endorsement (ZA) <p style="text-align: center;">OR</p> Early Childhood PK - General and Special Education endorsement (ZS) The Great Start Readiness Program and Title I preschool may also be taught by an individual with a bachelor's degree in child development or early childhood education with specialization in preschool teaching.
