**SUBJECT:** Notice of Dual Enrollment Frequently Asked Questions (FAQ) Update

Dual Enrollment in Michigan is governed by the Postsecondary Enrollment Options Act (PA 160 of 1996) and the Career and Technical Preparation Act (PA 258 of 2000) which provide for payment from a school district's state aid foundation grant for enrollment of certain eligible high school students in postsecondary courses of education.

The acts establish eligibility criteria for students, institutions, and courses; require eligible charges (tuition, mandatory course or material fees, and registration fees) to be billed to a school district; establish enrollment and credit requirements; require school districts to provide counseling and information to eligible students and their parents; and require intermediate school districts to report to the Department of Education.
