

2011-2012 ELPA Screener Information

New ELPA Screening Materials:

The BAA has updated the materials for the ELPA Initial Screening this year. Existing materials will be distributed and used until **November 30, 2011**. Effective **December 1, 2011**, the *new materials will be sent out in place of the older versions; they are clearly identifiable through the updated covers. *Please note that the new materials **should not** be used in conjunction with older editions. This is due to changes in the directions read to students throughout the assessment. To avoid mixing materials, we are requesting that you return all old versions as you receive the new versions for each assessment level. If you have materials to return at this time, you can place a request via the BAA Secure Site under the ELPA Screener -Screener Material Orders Tab for a UPS Return Label.

ELPA Screening Cycle II Opens:

Wednesday, November 30, 2011, is the last day of the Fall 2011 ELPA Screening Cycle I of the ELPA Initial Screening. **Beginning Thursday, December 1, 2011**, districts will begin administering the ELPA Initial Screening using **the "ELPA Screening Cycle II Dec-Aug (2011-2012) ELPA Initial Screening Cycle"** as shown on the drop-down menu on the BAA Secure Site under the "Screener Order Processing" Tab. It is important to note that while the materials used for ELPA Screening Cycle II are the same as those used during the ELPA Screening Cycle I, the Grade/Assessment Level assignment shifts with the cycle change. Please ensure the proper assessment levels are ordered.
