9. MDE encourages school districts to begin planning for the effective use of ESSER funds. These funds are a **one-time appropriation** and will not be ongoing funding for school districts. MDE strongly recommends that districts reflect carefully about the best uses of these funds, particularly given their technological needs and efforts to preserve their staffing and services to children in a challenging financial environment.

This information is fluid and subject to change as additional clarification and final guidance from USED is provided. We will provide updates as more information becomes available. ESSER funds are federal funds and are subject to all the federal regulations, rules, and guidelines that apply to all federal grant awards. The details concerning the regulations and rules will be outlined in the grant assurances.
