THIS PARTNERSHIP AGREEMENT is entered on July 2, 2018 between the Michigan Department of Education (MDE), the State School Reform/Redesign Officer (SRO), the Genesee Intermediate School District (GISD) and:

Flint Community Schools
923 E. Kearsley Street
Flint, MI 48503
Gregory Weatherspoon, Interim Superintendent
Shelly Umphrey, Assistant Superintendent
Diana Wright, Board President

The above-named agree that upon the commencement date of this partnership, they shall be deemed to have become partners in meeting the mutually agreed upon goals and outcomes for the schools named in this document. The purposes, terms and conditions of this partnership are as follows:

1) PURPOSE OF THIS AGREEMENT: To work collaboratively in setting 18-month benchmarks and 36-month outcome goals with intent to significantly increase student achievement in the schools named in this agreement; and to determine the next level of accountability should this agreement not be completed within 90 days, or should the 18-month benchmark(s) or 36-month goal(s) not be met by the district.

The Partnership Model is focused on improving student academic achievement, providing state and local supports and resources, and requiring accountability to attaining the goals and benchmarks agreed upon by the school district and partners. Although the Partnership Model allows the school district a broad spectrum of technical expertise and support to drive improvement and self-accountability, the chronically failing school(s) identified in this Partnership Agreement are still subject to provisions of MCL380.1280c. State law requires the State Superintendent to hire a State School Reform/Redesign Officer (SRO) to carry out the statutory responsibilities of the law in the event the school district does not reach the 18-month or 36-month goals sets forth in this Partnership Agreement.

Michigan law requires the superintendent of public instruction to publish a list identifying the public schools in this state that the department has determined to be among the lowest achieving 5% of all public schools in this state. The Schools subject to this agreement are either identified as Comprehensive Support and Improvement (CSI) Schools, or are electively added to this agreement per the request of Flint Community Schools.
Partnership District Agreement
June 2018

Under Michigan law, the SRO has the authority provided in MCL 380.1280c to address chronically failing schools to achieve superior academic performance for students at those Schools. The SRO is executing its statutory responsibilities defined in MCL 380.1280c by assigning the oversight of the school(s) named in this agreement to the Michigan Department of Education (MDE) for the duration of this agreement, pending the Next Levels of Accountability (NLA) defined in Paragraph 19 do not require implementation as defined therein. This partnership agreement will further facilitate the achievement of that purpose, create greater stability, and local control in the school district, and avoid the threat of action by the SRO under Section 1280c of the Revised School Code (School Code).

It is mutually agreed by all parties to this agreement that the implementation of this partnership agreement is in the best interest of the students in Flint Community Schools for its/their academic improvement.
