In person breakout sessions at all conference sites will meet these five Summit goals:

1. Understand the background of #GoOpen and the benefits of joining the #GoOpen Community
2. Learn about openly licensed educational resources (OER) and determine the difference between free, open, and proprietary instructional materials
3. Discover how Michigan's #GoOpen districts are using OER to personalize learning
4. Learn about the work of the #GoOpen Michigan Strategy Team and the systems created to assist educators with use of OER
5. Leave with tangible ways to make #GoOpen a reality in your building or district and continue the conversation
