PRIMARY REASON DID NOT MAKE AYP											
District Code	District Name	Building Code	School	Math	ELA	95% of students tested	85% Student Attendance	80% Graduation Rate	Student Sub-Groups Made AYP	AYP Phase	Accreditation Grade (Education/YES)
* = Primary reasons school did not make AYP.											
AYP Phase:											
0 - School did not meet AYP for the first time in a subject. Federal requirements do not start until the schools does not meet AYP for two consecutive years in the same subject.											
1 - School Improvement - school must offer choice and transportation.											
2 - Continuing School Improvement - school must offer choice, transportation, and supplemental services.											
3 - Corrective Action - school must continue choice, transportation, and supplemental services and take further corrective action.											
4 - Restructuring - school must continue choice, transportation, and supplemental services and develop a plan to restructure the school.											
5- Implement Restructuring Plan - school must continue choice, transportation, and supplemental services and implement restructuring plan.											
6 and Above - Extended Implementation - School must continue restructuring plan; monitors will seek evidence of improved results. Choice, transportation, and supplemental services must be offered											
99 - AYP Advisory - This is a new school that did not have MEAP data prior to 2005-06. This school is given an advisory status because data are not available for the safe harbor comparison or for multiple year averaging.											
Accreditation Grade:											
No Grade - Not enough data to calculate both Achievement Status Grade because school had fewer than 30 students tested.
