Part 1: List the name and case number for any household member (including adults) receiving FAP, FIP, or FDPIR.

All other households, including households where some of the children are foster children, follow these instructions (not required if household is over the income limits and don't have any foster children):

Part 1: Do not complete.

Part 2: List the names and ages of everyone (related or not related) living in your household, including you, other adults and children (If you need more space, use a separate sheet of paper.)

Place a ✓ in the column for all children enrolled in child care

List household members' ages and dates of birth

Place a ✓ in the next column if children in the household are foster children

If no case number is indicated in Part 1, list (by person) the amount and source of income received last month. List monthly earnings **before** deductions, monthly welfare, child support or alimony or any other income including retirement, Social Security, Supplemental Security Income (SSI), Veteran's (VA) benefits, disability benefits, Worker's Compensation, unemployment, strike benefits, regular contributions of people who do not live in your household or any other income

Place a ✓ in the box for those listed who do not have income

If you are in the Military Housing Privatization Initiative or receive Combat Pay, do not include the housing allowance as income

Foster child payments received by the family from the placement agency are not considered income and do not have to be reported. The presence of a foster child in a family does not make all children in the household automatically eligible for free meals

If you are a farmer or self-employed, monthly income is gross farm or business income received in the month prior to application minus farm or business expenses. Gross wages from other jobs or income from other sources must also be listed as income. A loss from self-employment must be listed as zero income and cannot reduce other income

Part 3: Sign and date the form and list the last four digits of your Social Security Number or check the box indicating "I do not have a Social Security Number."

Help With Income To determine annualized income:

If paid every week, multiply the total gross income by 52.

If paid every two weeks, multiply the total gross income by 26.

If paid once a month, use the total gross monthly income.

If paid twice a month, multiply the total gross income by 24.

If paid once a year, use the total gross yearly income.

Return the completed application to the child care center.
