

MME Initial Material Order Deadline

Due to recent School Closings, the Spring 2014 MME Pre-Identification of Students and Initial Material Orders Window has been Extended until Tuesday, January 14th at 5:00PM

To ensure all student records are correct and that you will receive pre-printed barcode labels for the administration of the Spring 2014 Michigan Merit Examination (MME), the Secure Site has been populated with pre-identified student records using the following criteria:

Students are pre-identified based on enrollment in grade 11 (or based on enrollment in grade 12 without a prior valid MME score).

Please note:

- Testing materials must be ordered for the all spring assessments via the secure site. If you do not submit an order, you will not receive testing materials.
- Students pre-ID by 5:00 p.m. on Tuesday, January 14, 2014 for MME, will receive pre-printed barcode labels.
- Schools will still need to pre-ID and then print barcode labels locally from the Secure Site for MME students that are not pre-ID by Tuesday, January 14, 2014.
