

**FREE
& ONLINE**
(5 SCECHs)

Military Career Course

Upon completion of this online course, school counselors will demonstrate an understanding of the career opportunities for any student considering joining the military. Counselors will earn 5 State Continuing Education Clock Hours (SCECHs) from the Career Consultation Category for the exploration of Military Career Options.

Goal:

To help school counselors assist students in acquiring skills to investigate the world and work in relation to knowledge of self to make informed career decisions.

Enlistment

This section of the course contains information regarding the basic requirements to enlist in the military from an active duty recruiter's perspective.

- ✓ Know the various ways in which military occupations can be classified
- ✓ Use research and resources to obtain military career information

Today's Military

This section of the course contains information and resources about ways to serve; joining and eligibility; career and benefits; education and training; military life; and information for parents.

- ✓ Describe how military careers transition to civilian careers
- ✓ Utilize the assessments and the recruitment process to enhance the collaboration between the schools and various branches of the military

ASVAB Test

This section of the course provides an overview of the ASVAB Career Exploration Program, a validated aptitude test and interest assessment which high school students can take.
