Muskegon Public Schools Partnership Agreement

THIS PARTNERSHIP AGREEMENT is entered on June 26, 2018 between the Michigan Department of Education (MDE), the State School Reform/Redesign Officer (SRO), the Muskegon Area Intermediate School District and:

Muskegon Public Schools
349 W. Webster Avenue
Muskegon, MI 49440
Justin M. Jennings, Superintendent
Cindy Larson, Board President

The above-named agree that upon the commencement date of this partnership, they shall be deemed to have become partners in meeting the mutually agreed upon goals and outcomes for the schools named in this document. The purposes, terms and conditions of this partnership are as follows:

- 1) PURPOSE OF THIS AGREEMENT:** To work collaboratively in setting 18-month benchmarks and 36-month outcome goals with intent to significantly increase student achievement in the schools named in this agreement; and to determine the next level of accountability should this agreement not be completed within 90 days or should the 18-month benchmark(s) or 36-month goal(s) not be met by the district.

The Partnership Model is focused on improving student academic achievement, providing state and local supports and resources, and requiring accountability to attaining the goals and benchmarks agreed upon by the school district and partners. Although the Partnership Model allows the school district a broad spectrum of technical expertise and support to drive improvement and self-accountability, the chronically failing school(s) identified in this Partnership Agreement are still subject to provisions of MCL380.1280c. State law requires the State Superintendent to hire a State School Reform/Redesign Officer (SRO) to carry out the statutory responsibilities of the law in the event the school district does not reach the 18-month, or 36-month goals sets forth in this Partnership Agreement.

Michigan law requires the superintendent of public instruction to publish a list identifying the public schools in this state that the department has determined to be among the lowest achieving 5% of all public schools in this state. The Schools subject to this agreement are either identified as Comprehensive Support and Improvement (CSI) Schools or are electively added to this agreement per the

Partnership District Agreement

Muskegon Public Schools

request of **Muskegon Public Schools**. Under Michigan law, the SRO has the authority provided in MCL 380.1280c to address chronically failing schools to achieve superior academic performance for students at those Schools. The SRO is executing its statutory responsibilities defined in MCL 380.1280c by assigning the oversight of the school(s) named in this agreement to the Michigan Department of Education (MDE) for the duration of this agreement, pending the Next Levels of Accountability (NLA) defined in Paragraph 20 do not require implementation as defined therein. This partnership agreement will further facilitate the achievement of that purpose, create greater stability, and local control in the school district, and avoid the threat of action by the SRO under Section 1280c of the Revised School Code (School Code).

It is mutually agreed by all parties to this agreement that the implementation of this partnership agreement is in the best interest of the students at Muskegon Community Educational Center (MCEC) for its/their academic improvement.

This program is an important step to earn your high school diploma, identify a career path, and/or transition to college. Program participants must be 16 - 19 years of age that are committed to excellent attendance and high school completion.

- 1) Big Ideas - Teaching and Learning Priorities:
 1. Teaching Life Skills
 2. Responsibility
 3. Communication
 4. Career Awareness

B) PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

- 1) Students are referred to the (MCEC) Selection Committee that includes: Social Worker, High School Administrators MCEC Dean of Students, Counselors (MCEC & High School).The Selection committee team meets once a year to determine the appropriate placement for referred students using information from the spreadsheet created by MCEC Counselor.
- 2) Students that meet the established criteria are recommended to MCEC in one of the following categories:

Partnership District Agreement Muskegon Public Schools

1. Credit deficient and at risk of dropping out during the cohort year (Students that should have status).
 2. Alternative Learner: transitioning from another alternative education program, and at risk of dropping out due to current learning environment, attendance, social/emotional, or behavioral issues, challenging life issues, substance abuse, traumatic events, or teen pregnancy.
- C) Muskegon Public Schools, in partnership with the Muskegon Area Intermediate School District, have been regularly reviewing academic and non-academic data related to the Partnership School through Muskegon Community Educational Center (MCEC) through Professional Learning Communities and monthly Performance Management meetings. These regular data reviews enable the school and district to understand and respond immediately using multiple measures of data that indicate the degree to which the building is on track to meet or exceed annual performance goals. It is from these ongoing data meetings that the initial benchmarks and goals have been determined. The goals represent the thirty-six month targets for academic proficiency and growth. The benchmarks represent the work that will be done in order to move the Partnership School to meet or exceed the goals. While the district will continuously monitor the progress of the Partnership School, there will be a formal review by the District, Intermediate School District and Michigan Department of Education at 18 and 24 months. It is agreed that if or when MDE launches a new assessment system changing the conditions of the State assessment, the goals and benchmarks will be revised.
- D) Analysis of 2014-15, 2015-16 and 2016-17 NWEA Mathematics and Reading supports Academic Proficiency(M-Step) & Growth (NWEA) in Mathematics and Reading because proficiency in mathematics (<5%) fell below the State and similar school demographic schools, 35% and 19.6% respectively. Also in Reading in 2014-2016 (<5%) and 2016-17 increased to 15%, but still fell below the State and similar school demographic schools 46% and 33% respectively indicate a need focus on the academic gap for our students in an alternative setting.
- E) Analysis of Graduation Rates from MCEC in the 2014-2016 cohorts supports increasing graduation rate for MCEC because 2014 rate (68%), 2015 rate (83%) and 2016 rate (75%), which averaged 75% rate for the three year period fell short of the state average of 80% indicates a need for reducing the number of student not graduating with the cohort.

Partnership District Agreement

Muskegon Public Schools

- F) Analysis of students who were identified as At-Risk learners, attendance and referral data from Muskegon high School. (2014-15, 88%, 2015-16, 100% & 2016-17, 100%) supports all students at MCEC will exhibit positive behaviors in and outside of the classroom. because lack of career readiness post-graduation, lack of attendance at high school, family history, teen pregnancy and for lack of access to resources outside of school indicate a need for Intense student support network, staff training for mentoring urban and resilient learners, developing cultural relevant positive classroom experiences through instruction, additional counseling service with the instructional day, and trauma support services.
