

## ***NexSys is the Next Generation Grant, Application and Cash Management System for the Michigan Department of Education***

---

The Michigan Department of Education (MDE) is replacing the Michigan Electronic Grants System *PLUS* (MEGS+) grant management system and Cash Management System (CMS) payment system with NexSys. NexSys allows users to maintain grant applications and submit for award reimbursement in a single system.

### **Timeline**

- ❖ NexSys will launch in February 2021 and applications going live in February 2021 and thereafter will be completed in NexSys.
- ❖ In June of 2021, NexSys will replace MDE's current Cash Management System.
- ❖ The complete MEGS+ transition to NexSys will take approximately one year. MEGS+ is planned to be retired in the first quarter of 2022.
- ❖ Applications currently in MEGS+ will remain for the entire application or funding period; they will not be converted to NexSys. Any reports associated with MEGS+ applications will be completed in MEGS+ as well.

### **MILogin**

- ❖ NexSys will use MILogin.
- ❖ MILogin is the State of Michigan's single sign-on user management system.
- ❖ MEGS+ will be transitioning to the MILogin, Single Sign-On platform, in June 2021.
- ❖ In preparation for this transition agency users of MEGS+ are encouraged to register for a MILogin – Third Party Account.
- ❖ MEGS+ users can register for a Third-Party account at: <https://milogintp.michigan.gov>

### **Benefits of NexSys**

- ❖ One system for both grant management and payment
- ❖ MICIP interface (District Portfolio API)
- ❖ All the same features and functions of MEGS+ in an upgraded platform
- ❖ Enhanced look and feel
- ❖ Customizable user dashboard for ease in monitoring application activities
- ❖ Application Status bar for ease in tracking status of applications in progress
- ❖ Enhanced opportunities for tracking and monitoring of application modifications
