What Is a 504 Plan for Students With Disabilities?
Parent Guide #15

If your child has a physical or mental disability, she/he may be eligible for a 504 plan.

Section 504 of the Rehabilitation Act of 1973 is the civil rights law that does not allow discrimination on the basis of disability; and guarantees individuals with disabilities equal access to an education.

What is a 504 plan?

A 504 plan is a written plan created for students with disabilities who require support in order to be successful in the classroom. A 504 plan is not an Individualized Education Program (IEP) and is not special education.

An eligible person/student is any person who:
- has a physical or mental disability which limits a major life activity (such as learning, caring for oneself, performing manual tasks, walking, seeing, speaking, hearing and working); and has a record of such impairment; or
- is regarded as having such an impairment; and
- is in preschool, elementary, and adult education programs or activities that receive Federal financial assistance.

What accommodations are considered appropriate under Section 504?
- Education in typical classroom settings.
- Education in typical classrooms with supplementary services, modifications and/or accommodations.
- Any combination of the above.

Parents, teachers, adult-aged students, other staff, or community agencies can request a review for Section 504 eligibility determination.
- Submit a written request to the school asking for an evaluation to determine if there is a significant impact on the child’s learning and/or behavior.
- Request a copy of your school’s policies and procedures on Section 504.
- A 504 committee could include parents, teachers, social workers, Section 504 coordinator, school psychologist, school administrator or others with knowledge of the child, the evaluations and the school resources.
- This committee determines student eligibility and needs based on information gathered from a variety of sources.
- An accommodation plan is written to address the individual needs of the eligible student.
- Plans are reviewed periodically (generally on a yearly basis).
A plan may be terminated; once an evaluation has been completed and the 504 committee determines, based on the information gathered from a variety of sources, that the student no longer has a substantial limitation to a major life activity.

- 504 plans and termination documentation become part of the student’s school records.

**Note:** Students in Special Education are covered by the protections of Section 504. For more information on the Rehabilitation Act of 1973, including a 504 plan, please view [A Guide to Disability Rights Laws](http://www.usdoj.gov/crt/ada/cguide.htm).
