

How Will My Child Get to School? Parent Guide #7

Getting to school safely is important!

- Call the school if your child is going to be absent.
- Make sure the school has phone numbers where you can be reached.
- Teach your child how to contact you and keep that information in his/her backpack.
- Let your child know who you have chosen as emergency contacts.

When your child rides the bus:

Children of all ages may ride the bus at the same time. There are no laws related to the amount of time K-12 children may ride a school bus.

Information for parents:

- For safety, some schools provide home pick-up and drop-off for kindergartners. (This is not required.)
- Seat belts may or may not be provided. The law does not require them.
- Learn the bus schedule (both ways) for your child.
- Find out how you will know about school closings or changes in the schedule.
- Talk to the teacher and bus driver about any health issues or special traveling instructions for your child.
- If your child has an Individualized Education Plan (IEP), you will want to make sure all transportation needs are clearly defined.

If your child rides the bus, share these safety tips:

- Stand a safe distance away from the curb while waiting for the bus.
- Sit in your seat facing the front of the bus and listen to the bus driver.
- Remain in your seat until the bus comes to a complete stop.
- When getting on or off the bus, look both ways to make sure no cars are coming.

If you drive your child to school:

- Buckle up! The National Highway Safety Transportation Administration recommends children weighing 40-80 pounds sit in booster seats.
- Have your child sit in the back seat to protect him/her from injury from airbag operation.
- Take off the backpack before buckling up. (When children wear their backpacks, they do not receive the proper head support in case of an accident.)
- Arrange with someone to pick up your child if you are not able to pick up your child on time.
- Wear your seatbelt! It's a great example.
- Learn the school expectations for drop off and pick up.

If your child will be walking to school, teach him or her to:

- Always walk with friends.
- Stay on the sidewalk and NO shortcuts.
- Cross the street safely.
- Follow the direction of the crossing guard and school safety patrol.
