

Guidelines for Professional Development that Qualifies for Michigan Legislative Requirements under Michigan Compiled Law Sections 380. 1526 and 1527

(March 2017)

District staff are encouraged to design professional development experiences which:

1. Serve the purpose of increasing student learning
2. Align with your school improvement plan
3. Are planned, ongoing, and intensive
4. Are supported in some way by the school or district, such as through released time or cost.

Professional development that is being counted as instructional time as allowed by Michigan Compiled Law (MCL) Section 388.1701 Section 101(10), may only occur when students are not already receiving instruction.

If the professional development activity is to be reported for certificate renewal, documentation will be needed to support the information provided on the [District Provided Professional Development Record for Certificate Renewal](#).
