Permissive Functions

1. SEAC may submit specific advice to the State Board of Education or upon the Board’s written request, advice, or input.
2. SEAC may concern itself with such matters as:
 - a. Administrative organization: local (member) districts, intermediate school district, state;
 - b. Methods and sources of funding; and
 - c. Legislation needed.

Understandings

1. The Michigan Department of Education will provide support and resources to assist SEAC in fulfilling its responsibilities as set forth herein.
2. SEAC is one source of direct advice to the State Board of Education with respect to the education of students with disabilities in Michigan.
3. The term “special education” includes all matters pertaining to educational programs and services designed to serve children and students with disabilities from birth up to twenty-six (26) years of age.
4. The phrase “publicly comment” means an official communication to the State Board of Education from SEAC via letter, resolution, official meeting summaries, or direct oral presentation to the Board.
5. In the spring of each year, SEAC shall solicit annual priorities for the following year.

Officers and Members

Membership

1. SEAC is a strategic organization advising the State Board of Education and the Michigan Department of Education regarding special education issues. To be effective on SEAC, members are expected to:

- a. Respond by the deadline noted on the monthly email invitation regarding attendance at upcoming, in-person SEAC meetings.
- b. Prepare for each meeting in advance by reviewing the agenda and links embedded therein.
- c. Regularly attend Committee of the Whole meetings:
 - (1) All organizational delegates and/or their alternates, Members-At-Large, and IDEA required ex-officio members are expected to attend all Committee of the Whole meetings, including the annual retreat.
 - (2) At the beginning of each school year, prior to any absences, the OSE will confirm current contact information is on file.
 - (3) The member is counted as attending a given meeting if either the delegate or the alternate is present.
 - (4) The Executive Committee mentor assigned to a new member should continue to support the new member mentee for at least four (4) months. [See Appendix A for SEAC Thought-Full Mentoring Guide.](#)
 - (5) After two (2) total absences, SEAC Facilitator will contact the member to help re-engage the absentee member.
 - (6) After three (3) total absences, the OSE will send a letter to the organization/agency clarifying SEAC provides important, value-oriented participation and their organization/agency voice is not being heard. A request will be made for a recommendation for a replacement member who will support a regular attendance schedule allowing the organization/agency input and perspective to be considered and allowing the views of the organization/agency to be factored into discussions and decisions of SEAC.
 - (7) After four (4) months have gone by following the first letter and there has been no change in attendance, contact will be made by SEAC Facilitator to determine whether there are extenuating circumstances for the lack of attendance. The organization/agency will be informed of the possibility of losing their SEAC seat. A follow-up letter will be sent from the OSE reiterating what is expressed in the initial contact.
 - (8) Participate in and regularly attend sub-committee meetings.
 - (9) Be sensitive to other members of SEAC and the diversity of the issues and other perspectives around the table.
 - (10) Members representing organizations/agencies are expected to represent their organization/agency view versus their own personal perspective.
 - (11) Delegates are responsible for keeping their alternate (if assigned) updated on SEAC activities and issues. In case of absence, they are responsible to notify their alternate (if assigned) asking they attend the meeting so there is a voting member present for whomever they represent.

- (12) For extended absences, notify SEAC Facilitator.
- (13) Each member is responsible for noting their own attendance. Record will be kept on an Attendance Tracker found on the home page of the SEAC Google Drive. Unrecorded attendance will be considered absent without excuse.
- d. Appointment to the Michigan SEAC will be for a term of three years. (Act 287 of 1964 §388.1009a: Special education advisory committee; creation; appointment and terms of members; ex-officio members; chairperson; expenses; duty.)
- (1) The special education advisory committee is created in the Department of Education and will consist of not less than nine (9) and not more than thirty-three (33) members including organizational delegates appointed by their organization's board and Members-At-Large appointed by the State Board of Education for terms of three (3) years.
 - (2) The person within the department directly responsible for special education programs and other persons as appointed by the committee to represent other departments, agencies, and four (4)-year colleges and universities, upon consultation with those departments, agencies, and colleges and universities, will be ex-officio members of the committee.
 - (3) Each year the committee will elect a chairperson and other officers as it considers necessary.
 - (4) Members of the committee may be reimbursed, to the extent provided by the state board, for expenses incurred in performing their functions.
 - (5) The committee will act as an adviser to the State Board of Education in the field of special education.
 - i. To assure diversity of ideas and experiences, no individual may be appointed to SEAC for more than one consecutive three (3)-year term. To simply interchange a delegate/alternate every three (3) years is not an acceptable practice.
 - ii. Non-consecutive terms of appointment are permitted.
 - iii. Organizations unable to find an appropriate delegate and/or alternate and must use a person who has just completed a three (3)-year term with the SEAC to keep their SEAC seat must submit a letter from the organization Board to the SEAC Facilitator. The letter must contain the following: (1) Proof of having reached out to other possible candidates in their organization by at least three (3) different means, at three (3) different times and (2) Reason why the organization must go against the original agreement and use the same person(s) having just completed their three (3)-year term. This information will be shared with the Executive Committee who will determine, by unanimous vote, if a three (3)-year extension is permissible.

- iv. In the event organizations are required to find a “defined” member and are unable to do so, they cannot opt to put a current member in the seat unless they meet the “defined” member criteria.
- v. Should a member be unable to fulfill the three (3)-year appointment:
 - The SEAC Facilitator will post an open organization invitation for a new organization to fill the seats of an organization who can no longer fulfill their agreements.
 - If a Member-At-Large position, SEAC Facilitator will post the open seat online and additionally will solicit State Board of Education members for recommendations regarding possible applicants.
 - Replacement delegates to SEAC will complete the original delegate’s three (3)-year term. If the new member serves less than 1.5 years in completing the original term, they may apply for the same seat for a new three (3)-year term.
 - Replacement delegates to SEAC serving more than 1.5 years, when completing a term, are not eligible to apply for any new seat on SEAC for a period of one year following the expiration of the term they have completed for someone else.
 - Newly appointed Members-At-Large will begin a new term in the year they are entering SEAC.

Composition

SEAC consists of Members-At-Large and members representing organizations and agencies. SEAC annually reviews its organizational composition, including but not limited to requests it receives, and makes recommendations to the State Board of Education regarding the same.

Defined Members:

IDEA requires a majority (fifty-one percent (51%)) of members be individuals with disabilities or parents of children with disabilities up to twenty-six (26) years of age who currently receive special education services under IDEA. Members who meet this requirement are referred to as “defined” members.

1. Organizations nominating individuals for appointment to SEAC will be asked to submit nominees who are “defined” on a rotating basis. This rotation currently occurs for three (3) of every nine (9) years. This rotation assures SEAC meets the IDEA fifty-one percent (51%) consumer requirement.
2. All SEAC appointments are for three years. There is a state legislative cap of 33 thirty-three (33) voting members. This is reflected in up to twenty-four (24) organizational

representatives and nine (9) Members-At-Large. In addition, there are several non-voting Ex-Officio state agency representatives.

3. During a three (3)-year term when a delegate is required to be “defined,” if the delegate must step down prior to the end of their term, then the replacement delegate must be “defined” at the time he or she is nominated as the new delegate.
4. At least nine (9) of the eleven (11) nominees for Members-At-Large will be individuals with disabilities or parents of children with disabilities currently receiving special education programs and services.

Alternate Members:

The State Board approved alternate member will fully participate in the proceedings of the Committee when the organization or agency member is absent. In the absence of an organization’s delegate, the alternate will have the right to vote in their absence.

1. Alternates are strongly encouraged to attend each meeting with their delegate to provide fluid communication to those you represent.
2. The participation of alternates in small group work will allow for, and result in, an informed decision in the event the organization delegate is absent when an item comes to the table for a vote.

Dual Representation:

A member will only serve in one capacity on SEAC, such as a Member-At-Large, organization delegate or alternate, or an ex-officio delegate or alternate.

Appointment of Members:

1. The advisory panel must consist of members appointed by the Governor, or any other official authorized under State law to make such appointments.
2. Panel members must be representative of the State population and be composed of individuals involved in or concerned with the education of disabilities.
3. The State Board of Education strongly encourages SEAC to consider diversity in the acceptance of nominees to send for consideration prior to appointments. To this end, SEAC has developed Diversity Actions to assure nominations of potential new members represent the State’s population in a variety of diverse areas, thus ensuring an equal voice for a diverse population of special education students SEAC represents and serve.
4. Nominations: Each member organization will submit to SEAC their nominations for a member and an alternate to represent them for the three (3)-year term. These will be reviewed and then forwarded to the State Board of Education.
5. Communication to organizations concerning the appointment of individuals to serve on SEAC will include the State Board’s intent for diversity representative of the population of Michigan.
6. Proposed appointees may need to additionally meet the defined member criteria.
7. Organizations will provide evidence of the following:
 - a. Mission statement,

- b. Designed outreach areas,
- c. Documentation of state areas served, number or active members and chapters,
- d. 501c nonprofit tax status,
- e. An active website with clear guidelines on how to contact the organization,
- f. An active board of directors, and
- g. Annual report (e.g. to a national organization, local affiliates, members, for tax purposes, etc.).

Ex-Officio Members:

1. The Director of the Office of Special Education will be an ex-officio member of the Michigan SEAC.
2. The immediate past chairperson of SEAC may serve as an ex-officio member for one year for the purpose of providing leadership continuity and counsel.
3. In accordance with IDEA, SEAC may appoint additional ex-officio members representing various agencies including, but not limited to, Educator Preparation Institutions; Department of Health and Human Services–Juvenile Justice, Community Health, and Michigan Rehabilitation Services; Michigan Department of Education – McKinney-Vento Act, Office of Special Education; Department of Corrections; and any other state agencies as appropriate to the requirements of the IDEA.
4. Ex-officio members may participate in the deliberations but will have no vote. Their primary responsibilities shall be to:
 - a. Inform SEAC of issues arising in their agencies impacting special education,
 - b. Provide information from their agency’s perspective on issues before the SEAC and its committees, and
 - c. To advise their agencies of the activities of the SEAC.

Members-At-Large:

1. The advisory panel must consist of members appointed by the Governor, or any other official authorized under State law to make such appointments, and be representative of the State population.
2. These are individuals nominated by others, by themselves, or by the State Board of Education and do not represent a specific organization or agency.
3. Members-At-Large nominees are voted on by SEAC Executive Committee and sent to the State Board of Education for approval.
4. Nominations for defined Members-At-Large may be made to the State Board of Education, and applications will go to the SEAC Executive Committee for consideration for open seats.
5. There are eleven (11) Members-At-Large, nine (9) of which are defined voting members, two of which are non-defined voting members, with one sitting in reserve.

Regions:

Representation for special education supports in Michigan fall into four regions, each with their own distinct culture, history, special education practices, and more.

1. Each region is organized for communication purposes about special education. See [Appendix B: Office of Special Education Regional Map of Michigan ISDs and ESAs](#) to view regions.
2. Regional representation is identified as a diversity need in the Diversity Reporting maintained for the State Board of Education and in recruitment letters to organizations.
3. Once identified, the OSE and the SEAC may provide links for the new members to connect with individuals from their regions (i.e., Parent Advisory Committee chairs, Alliance members, ISD administrators, Michigan Education Association and American Federation of Teachers representatives).

Vacancies

1. Resignation:
 - a. In the event an organization or agency delegate or alternate resigns from SEAC, or the position is otherwise vacated, the organization/agency represented will submit a new nominee application to the SEAC Facilitator.
 - b. If the delegate was filling a defined member seat, the organization will recommend another defined member.
 - c. Upon completion of the term, the replacement delegate/alternate may apply for one complete three (3)-year term if they have served less than one and a half (1.5) years in their current position. If the replacement has served more than one and a half (1.5) years in their vacated seat, their term will expire at the end of the three-year term and their organization will seek another nominee to replace them.
 - d. In the event a Member-At-Large resigns or the position is otherwise vacated, SEAC will post the open seat on its website and inform the State Board of Education of the opening. The replacement will begin a three-year term regardless of the amount of time their predecessor served.
2. Appointments to SEAC: The State Board of Education will make triennial appointments once every fall, and again in the spring, with no more than two occasions in one year's time. In the interim, until an official appointment is made, the nominated person may participate in all SEAC work but will be unable to vote until their appointment is complete.
3. Cessation of an identified organization: If an organization represented on SEAC ceases to exist or chooses to discontinue its affiliation with SEAC, the Executive Committee will follow these established procedures to fill the vacancy:
 - a. SEAC membership and OSE will be notified of a vacancy and an application will be posted on SEAC website for a period of not less than one month.

- b. Interested parties will follow the online directions, send a letter of intent to SEAC Facilitator, and make a presentation to the Committee of the Whole on an agreed upon date.
- c. Voting members of the Committee of the Whole will utilize the [Appendix C: Sample New Organization Rubric](#) to score the presentation based on seven qualifications described therein.
- d. Following the identification of an organization, the procedures process to appoint members will be followed.
- e. When selecting a new organization, current SEAC members should consider several factors relative to what the organization can bring to the table:
 - (1) Attributes of the group which support SEAC mission, goals, and unmet needs.
 - (2) Will be an organization represented across much of the state. As a frame of reference, an organization's membership of 200 would reflect approximately 0.1% of the students in Michigan with Individualized Education Programs (IEPs).
 - (3) Online presence is evidenced through a website, social media, or other virtual options.
 - (4) Regional reach and coverage if not a statewide presence.
 - (5) Diversity, unique population served, area of specialty.
 - (6) Scope and practice affecting service to students receiving services under IDEA.
 - (7) To ensure the appropriateness of fit, the applicant organization will be scored by SEAC members using a rubric and must earn at least 50% of possible points to be considered as a SEAC organization. See [Appendix C: Sample New Organization Rubric](#).
- f. The Executive Committee will be responsible to:
 - (1) Survey SEAC membership to identify areas of unmet representation and possible organizations meeting representation requirements in the New Organization Rubric.
 - (2) Disseminate announcement through SEAC website to alert groups of the opening.
 - (3) Review response based on, but not limited to disability area; balance of administrators, providers, and parents; educational trends; expertise currently missing on SEAC; and IDEA requirements.
 - SEAC Facilitator will invite representative(s) from each applicant organization to present information on their organization to SEAC Committee of the Whole; forward an electronic announcement to organizations meeting diversity of representation(s).
 - SEAC Committee of the Whole will hear presentations from each applicant organization. Using the rubric, they will vote

on which organization to recommend to the State Board of Education for permanent membership at the next meeting of SEAC.

2. Public participants must post their names and identify themselves as a "Visitor" on all virtual meeting platforms.
3. SEAC does not provide a time of public comment as described in two Attorney General Options: (a) SEAC is merely an advisory committee to the State Board of Education "not legally capable of rendering a final decision," ([Attorney General \[AG\] opinion #6935](#)) and (b) [October 2022, Open Meetings Act \(OMA\) Handbook](#) developed under Attorney General (AG) Dana Nessel clearly states, "Furthermore, an advisory body without express decision-making authority is not a "public body" under the OMA." See: *Pinebrook Warren, LLC v City of Warren, Mich App (2022)*. Additionally, the duties defined in IDEA and Michigan legislation make it clear there is no decision-making authority as SEAC exists solely to advise the state board.
4. It is the advice of SEAC those interested in providing public comment attend a State Board of Education meeting where public comment is welcomed and can be made directly to SEACs governing body. Additional information may be found on the [SBE website](#) and on the document [Public Participation in State Board of Education Meetings](#).

Frequency of Meetings

1. The Committee of the Whole shall meet in accordance with the calendar posted in the SEAC Google Drive and more often, if necessary, to conduct its business.
2. The Executive Committee will meet prior to and after the monthly business meetings, twice in the summer for planning, and otherwise as necessary.

Location of Meetings

Regular meetings of SEAC will be held in accordance with accessibility requirements at locations announced on each month's agenda and virtually.

Accessibility of Meetings

All meetings, whether virtual or in person, will ensure all people, including those with disabilities and English Language barriers, are able to participate and engage with their peers at the same time, with the same ease of use. This will be accomplished through the following as needed:

1. Each SEAC member has access to a Request for Meeting Accommodations form available in the SEAC Google Drive. This form may be completed at any time during the year in order to work together to find reasonable accommodations for a disability as defined by the Americans with Disabilities Act including anyone needing accommodations to successfully perform their duties as a member of SEAC.
2. Interpreters and other necessary services to accommodate people with disabilities and/or limited English skills shall be provided at meetings for members or other participants with advanced notice.

4. All virtual meetings will be recorded and will provide closed captioning for members.
5. All written materials provided by SEAC are designed to follow the most recently released Web Content Accessibility Guideline (WCAG) standards organized under four (4) principles; perceivable, operable, understandable, and robust (POUR), as applicable.
6. Assistance and guidance for users to navigate and find content is available through online tutorials on the SEAC Google Drive.

7. Members will be provided two weeks to read and use content before presented at a meeting.
8. All meetings will be recorded to afford members the opportunity to review material from each of the monthly meetings at their leisure.
9. SEAC “shorts” (videos) are available to view by all members through the MDE YouTube account. These videos help in the understanding of all things SEAC. New videos are produced as needs arise.

Reimbursement

[Appendix F: Hardship Reimbursement](#): The reimbursement policy resides on the SEAC Google Drive and is available to Members-At-Large or those organizations of SEAC with hardship, having been approved and having documents on file before or at the initial meeting following appointment. Appendix A: SEAC Thought-Full Mentoring Guide

"The delicate balance of mentoring someone is not creating them in your own image but giving them the opportunity to create themselves." – Steven Spielberg

Mentoring is a process in which an experienced individual from the SEAC Executive Committee helps another person develop goals and skills through a series of time-limited, confidential, one-on-one conversations and learning activities. Mentors also draw benefits from the mentoring relationship. As a mentor, you will have the opportunity to share your wisdom and experiences, evolve your own thinking, develop a new relationship, and deepen your skills as a mentor.

Mentors are embarking on a formal mentoring relationship characterized by its intentionality. Reflect on these questions as you commit to this new relationship:

- What experiences and learning will I bring to my mentoring relationship?
- What are my expectations for this relationship?
- What obstacles may enhance/impede the relationship's development?

Specific Expectations

1. Email mentees before their first meeting (or retreat), introduce self and schedule a time to meet (online, phone).
2. Contact information is found in Google Docs > Membership Info > Membership Information.
3. Mentee applications are held in Google Docs > Sub-Committees > Executive Committee > Mentoring. This is a permissions-only folder so if find you do not have access, please contact the [SEAC Facilitator](#).
4. Make and record contacts at least 2x per month for a 4-month period.

Key Mentoring Skills

1. **Listen actively.** Establish rapport and create a positive, accepting environment permitting open communication. Show interest in what your mentee is saying and reflect on important aspects of what is shared to show you have understood. Make eye contact. Reduce background noise and limit interruptions. Wait to discuss your own experiences or give advice until your mentee has completed their thoughts.
2. **Build trust.** This happens over time. Keep your conversations confidential, honor your scheduled calls, and consistently show interest and support. Be honest.
3. **Open doors.** As a role model, share your own experiences and goals regarding SEAC. Help mentees identify and achieve their own goals during their time serving SEAC. Assist mentee with finding resources such as people and SEAC Google Docs. Impart knowledge and skills you have gained by giving useful examples and asking thought-

provoking questions. Help mentee understand their responsibilities and opportunities in SEAC.

4. **Encourage, inspire & be a role model.** Communicate your belief in your mentee's capacity to grow personally and professionally. Respond to frustrations and challenges with words of support, understanding, and encouragement. Share your vision for your time in SEAC. Describe experiences, mistakes, and successes you have encountered in SEAC. Introduce mentee to SEAC colleagues.

Steps in Mentoring Relationships

1. **Build a relationship.** Get to know your mentee and establish trust. Discuss your backgrounds, experiences, and interest in special education. Establish a schedule for communicating regularly by phone and email.
2. **Exchange information and clarify expectations.** Provide support on SEAC issues and challenges (i.e., organizing time to complete all necessary reading before a meeting). Goals help define what you each need to get the most out of your mentoring relationship. Refer to goals periodically to know if the mentee needs help in achieving them.
3. **Work toward deepening engagement.** Periodically pause with the mentee to reflect on how you are helping them achieve their goals and make time for adjustment or changes to improve the mentor/mentee relationship.

Challenges

1. **Time.** This is the most common challenge as other priorities for both you and your mentee will interfere. You are encouraged to foster your mentor/mentee relationship over the next four months. Avoid promising more time than you can deliver. Work with your mentee to be certain you are both comfortable with the amount of time you are spending and with the learning occurring. This is not a "one and done."
2. **Building trust quickly.** With limited contact time each month, it is not easy to build the kind of trust you both would like. Keep your promises and commitments. Avoid talking negatively about others. Keep confidences your mentee shares with you.
3. **You will not always have the answers.** You are a learning facilitator. Let your mentee know you don't have all the answers, but you look forward to learning together and will seek help from others on SEAC as needed.
4. **Being sensitive to differences.** Particularly in the beginning. Do not assume the two of you are the same. Explore and learn from your differences. If you are of different generations/ages, genders, races, cultural groups, professional backgrounds, describe different experiences you have both had in your special education experiences. "Seek first to understand." (Stephen Covey)

Ending the Formal Mentoring Relationship

1. **Define future needs.** At the end of the four months, define what types of support your mentee may need in the future. Connections made with other colleagues during these months will help in the future.
2. **Last contact.** Reach out one last time to reflect on accomplishments, challenges, and progress towards goals.
3. **Future relationship.** Discuss whether your relationship will continue informally and what that will look like.
4. **Express thanks** and best wishes!

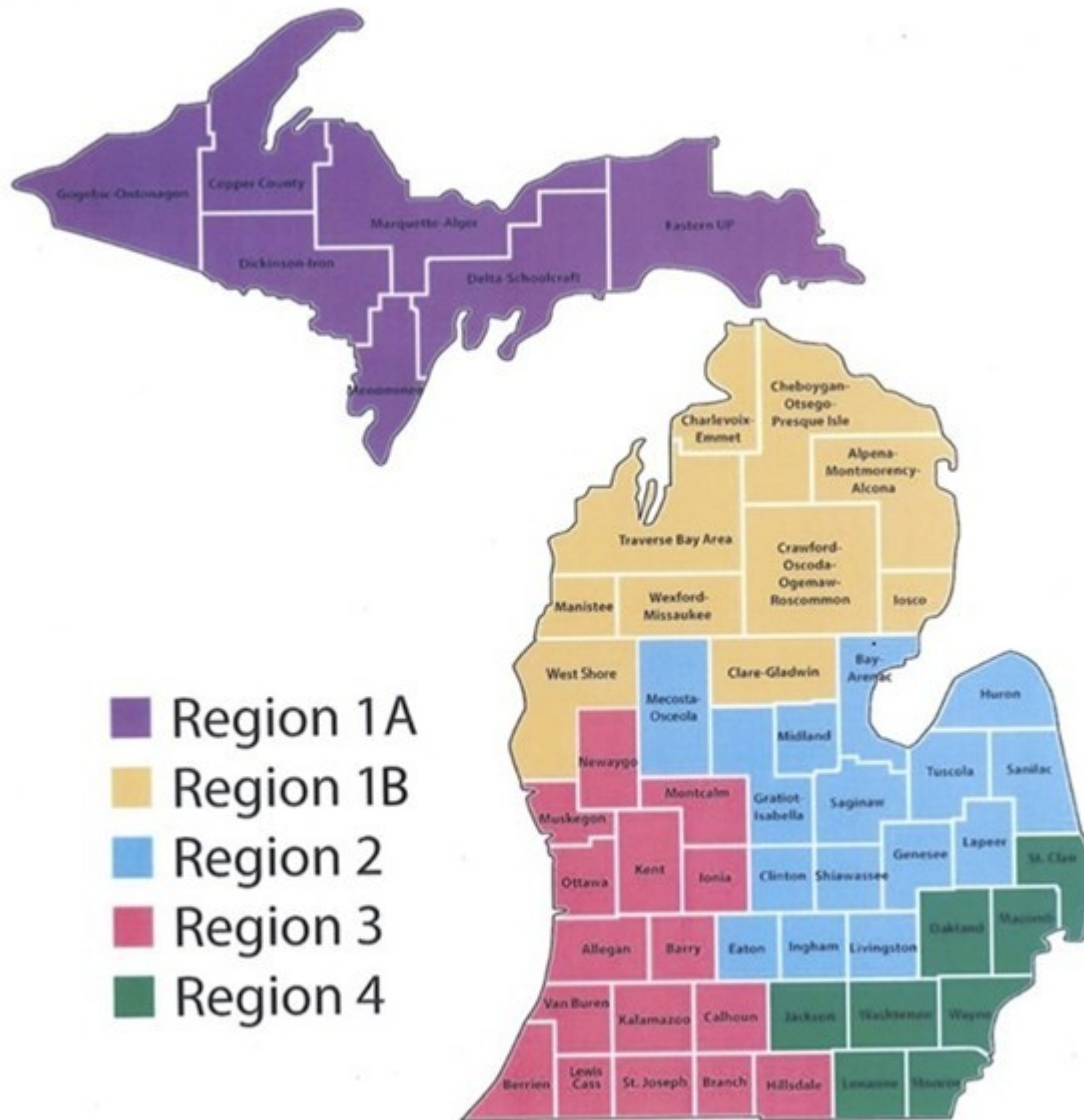

Best Practices

1. **Learning facilitator.** Consider yourself a “learning facilitator” rather than someone with all the answers.
2. **Probes.** Use probes that help your mentee think more broadly and deeply.
3. **Sharing.** Share your own experience and advice when your mentee seeks it. Limit the urge to overshare your experiences.
4. **Outcomes.** Resist the temptation to control your relationship and steer its outcomes.
5. **Alternative thoughts.** Help your mentee see alternative interpretations and approaches. One example would be the role of the advisor vs. the advocate.
6. **Confidence building.** Build your mentee’s confidence through supportive feedback.
7. **Encourage, inspire, and challenge** your mentee to achieve their goals while serving on SEAC.
8. **Be spontaneous.** Call or email “out of the blue,” beyond your planned conversations.
9. **Reflect.** Mentors reflect on your mentoring practice. Request feedback.
10. **Enjoy the privilege of mentoring.** Know your efforts will have a significant impact on your mentee’s development in SEAC as well as your own. Three years from now your mentee will likely be sitting in your seat!

“A mentor is someone who sees more talent and ability within you, than you see in yourself, and helps bring it out of you.” – Bob Proctor

Appendix D: Public Participation in SEAC Meetings

Regular business meetings of SEAC are open to the public. Public participants do not participate in smaller member workgroups. Public participants must post their names and identify themselves as a “Visitor” on all virtual meeting platforms.

SEAC does not provide a time of public comment as is described in two separate Attorney General Opinions:

1. SEAC is merely an advisory committee to the State Board of Education “not legally capable of rendering a final decision,” ([Attorney General \[AG\] opinion #6935](#)).
2. October 2022, [Open Meetings Act \(OMA\) Handbook developed](#) under Attorney General (AG) Dana Nessel clearly states, “Furthermore, an advisory body without express decision-making authority is not a “public body” under the OMA.” See: *Pinebrook Warren, LLC v City of Warren, Mich App (2022)*.

It is the advice of SEAC those interested in providing public comment attend a State Board of Education (SBE) meeting where public comment is welcomed and can be made directly to SEACs governing body. Additional information may be found on the [SBE website](#) and on the document: [Public Participation in State Board of Education Meetings](#).

The duties defined in IDEA and Michigan legislation make it clear there is no decision-making authority as SEAC exists solely to advise the state board.

From the Individuals with Disabilities Education Act (IDEA) and Approved by the Office of Management and Budget:

§ 300.167 State advisory panel. The State must establish and maintain an advisory panel for the purpose of providing policy guidance with respect to special education and related services for children with disabilities in the State. (Approved by the Office of Management and Budget under control number 1820 –0030) (Authority: 20 U.S.C. 1412(a)(21)(A))

§ 300.169 Duties. The advisory panel must—(a) Advise the SEA of unmet needs within the State in the education of children with disabilities; (b) Comment publicly on any rules or regulations proposed by the State regarding the education of children with disabilities; (c) Advise the SEA in developing evaluations and reporting on data to the Secretary under section 61 8 of the Act; (d) Advise the SEA in developing corrective action plans to address findings identified in Federal monitoring reports under Part B of the Act; and (e) Advise the SEA in developing and implementing policies relating to the coordination of services for children with disabilities. (Approved by the Office of Management and Budget under control number 1820 –0030) (Authority: 20 U.S.C. 1412 (a)(21)(D)).

PUBLIC PARTICIPATION
IN
STATE BOARD OF EDUCATION MEETINGS

1. The State Board of Education welcomes comment from the public on education related issues, regardless of whether the issue is on the day's agenda. Before a vote is taken on an agenda item, the public is given opportunity to comment on the specific item under consideration. In addition, comments from the public on both agenda and non-agenda items will be heard at approximately 1:00 p.m. (or immediately following the lunch recess) regardless of the number of items remaining on the agenda for discussion/action, or as otherwise stated on the agenda.
2. The persons wishing to address the State Board of Education will be asked to identify themselves as to name and address, and may indicate the organization to which they belong, if any. In those instances in which a person is representing an organization, the presenter should indicate whether the presentation represents the official views of the organization.
3. All persons wishing to address the State Board of Education must declare their intent to the State Board Executive on the appropriate form prior to the beginning of the portion of the meeting devoted to public participation.
4. The public participation segment of the meeting will have a limitation of one hour. (Exception noted in number 5)
5. Each presentation will be limited to five minutes except in instances in which the number of speakers will exceed the time limitation. The Chairman may reduce the five-minute period to a lesser amount at the beginning of the public participation, but in no instance will the time provided be reduced to less than three minutes. Depending on the number of persons wishing to address the State Board of Education and with the imposition of the minimum three minutes limitation, the one-hour limitation in such instances may be extended to permit every person to present views to the Board.
6. Persons who may wish to address the State Board of Education on topics for which a hearing has been planned or may be scheduled in the near future, should be so informed of the fact by the Chairman, and it should be indicated that such a hearing may be the appropriate forum for the expression of views.
7. In those instances in which more than three persons wish to present their views to the State Board of Education and represent a single organizational unit or a consortium-type organizational unit, such presentation shall be limited to one spokesperson with ten minutes of opportunity or up to three presenters of three minutes each.

8. All written statements should be given to the State Board Executive in order that they may be made available to the members of the State Board of Education. Lengthy written statements which may not have been completely presented within the time limitation will be made available to the State Board Executive who will reproduce them for the information of the State Board of Education.
9. Items identified during public participation requiring State Board of Education consideration will be reviewed at the end of the meeting when the Board is discussing the agenda for the next meeting. A request may be made to staff to prepare a background document for Board consideration at a subsequent meeting.
10. Because of the nature of contested cases and the risk of conducting a de novo hearing, the Board should refrain from receiving additional input in such cases.
11. During Committee of the Whole meetings, public participation will be restricted to the items on the agenda.

By-Laws Adopted October 10, 2006

Procedures for Making Oral Statements Before State Board of Education

All documents distributed during State Board of Education meetings are part of the public meeting and, therefore, shall be considered public documents.

The presentations made by individuals during public participation should take into consideration the rules of common courtesy. The presenters should keep in mind that all statements made at a public meeting become a matter of public record. It is the responsibility of the presenter that all statements made are accurate and based on facts.

It is the practice of the State Board of Education not to respond to comments heard during the public participation portion of the meeting. Questions for clarification are appropriate, but a presenter should not expect to carry on a dialogue with any Board Member(s).

Procedures Revised February 13, 2007

Appendix I: Sharing SEAC Information with Constituents

Sharing information with your constituents and sharing your constituent information with SEAC are the two most important role members have in SEAC. It is important as it helps to improve and retain constituent buy-in on future priorities by featuring your hard work, and it helps constituents know their voice is being heard.

What Can Be Shared?

Everything except:

1. Items with a DRAFT watermark as these are works in progress.
2. Passwords to the SEAC Google Drive, these are created specifically for each member.

What Should Be Shared?

Annual Report

Sharing the SEAC Annual Report is like a State of the Union address for your organization's Board of Directors, or your Parent Advisory Committee's officers. This is a regular update you can share with your constituents regarding what SEAC has done in the past year and where it's going in the upcoming year. This is a primary chance for you to speak directly to the people you represent so they are aware of the important work you do on SEAC which in turn, helps them understand the importance of having you represent them.

It is important to get the report right - not only to keep board members and officers up-to-date and informed about SEAC, but also to build their confidence knowing a seat on SEAC is important for both leadership and vision in promoting positive outcomes for all Michigan students with disabilities - their role on the SEAC through you.

Request an opportunity to speak to your organization's Board of Directors or Parent Advisory Committee. This is typically best done through a secretary who plans agendas.

Present them with a copy of the SEAC Annual Report or link to the document on the [SEAC webpage](http://www.michigan.gov/mde-seac) (www.michigan.gov/mde-seac) prior to the meeting so they have a chance to read it and prepare for your report.

Keep your report concise. Don't read the entire document to them. Give them a birds-eye view of what SEAC accomplished in the past year.

Be clear. Watch out for acronyms. Remember how lost you were when you first came to SEAC and heard all those acronyms bantered about? It will be the same for your audience, so the less used, the better. Don't over-explain what happened over the last year.

Here are the four essential elements to report on:

- a. What were the priorities you faced this year?

- b. Broadly explain what you learned - why were this year's priorities important to the success of students who receive special education supports and services in Michigan? Give your perspective on how your learning progressed.
- c. Important facts or statistics you learned and would like to share with the board. What specific data stood out to you? Explain why these statistics impacted the work you did on SEAC.
- d. Introduce your audience to the upcoming needs and priorities SEAC will be focusing on in the upcoming year. Additionally, discuss with the board the importance of looking forward and preparing new members, for the delegate and alternate seats and for those Member-At-Large seats, when your terms are done. Give a high-level overview of the next steps SEAC will take and what you need from your Board or Officers to assure their representation continues for the next year and looking forward from there.

Monthly Report

SEAC members are chosen for their unique voice. We are a cross-section of people with varying interests and reasons for participating in SEAC. The voice of organizations, agencies, and Members-At-Large help us create documents reflecting the unmet needs of our diverse population of students throughout Michigan and additionally guide us in creating advice for the State Board of Education and the Michigan Department of Education. We do not serve as single entities but rather bring a larger voice to our discussions and work.

SEAC members provide new perspectives. With the regular changing of members, we prevent the institutionalization of ideas and remain current with what is going on in our schools. We embrace fresh ideas and new perspectives from organization members, agency members, and Members-At-Large.

It is expected the work of SEAC be shared widely with each organization's or agency's constituents. Each member of SEAC has the unique capability of getting our message and work out to a wider group of people than what we can reach if we keep everything internal. So please, disseminate, disseminate, disseminate!

Build the Habit of Regularly Sharing Information

To ensure nobody must dig around to stay in the loop, follow these practical tips for information sharing. The advice can help you tailor your information flow and deliver a clear message to and from your constituents.

1. Understand your Stakeholders. To share information in the most appropriate format for your organization or agency, you must understand (at a minimum):
 - a. What information do they need/want? How much detail do they really need?
 - b. How do they want it? What formats do they use/prefer? How much detail do they need for it to be worthwhile?
 - c. How will they disseminate it to their members/constituents/employees/parents?
 - d. How often do they need/want the information?

- e. Who should you personally be working with to assure numbers 1-4 are occurring?
- 2. Formats for Sharing and Disseminating Information in Relevant Ways
 - a. Establish proper channels for sharing information. Consider creating a specific channel for keeping information or sharing announcements. We live in an 8-second world so be sure your message arrives in the right place at the right time.
 - b. Written reports in newsletters.
 - c. In-person presentations, (i.e., stand-up meetings, team meetings, all-hands meetings, board meetings).
 - d. Video recordings.
 - e. Printed materials.
 - f. Virtual communication platforms, (i.e., instant messaging, email, company wiki, Google Docs).
 - g. Visuals (i.e. Power presentations, videos, infographics).
 - h. Texting.

Exploring Preferences by Age of Receiver

Boomers prefer phone calls and emails. Yes, they are still prominent and valuable group members even today. But many Boomers prefer to consume information independent from software.

Opt for instant messages with Millennials and Gen-Z. Both prefer instantaneous information-sharing tools. They will pay more attention to notifications coming from a team chat app, especially if you mention them - a great way of grabbing their attention!

Send an email to Gen X. This is their preferred style of communication. Although email might not ensure swiftness of information-sharing, composing a new email occasionally, guarantees Generation X interprets your message in a timely way.

Choose visuals such as videos or infographics to quickly grab everyone's attention - especially if your information is time-sensitive.

Expectations for Members-At-Large

SEAC recognizes the unique position of our Members-At-Large who are "defined" members - those who have a child(ren) with a disability and an active Individualized Education Program (IEP), or who have a disability themselves. These members make up 51% or more of our total member population as is required in the Individuals with Disabilities Education Act (IDEA).

Members-At-Large are representing either themselves or their child(ren), and do not have a constituency group for whom they are responsible for the dissemination of SEAC information. Thus, they are exempt from the expectation to share with their organization or agency. However, should the parent want to share information with their child's school, an area Parent Advisory Committee (PAC), or other group in which they might engage, we encourage them to disseminate SEAC information to whomever they encounter who might benefit from the knowledge shared.

Final Suggestions

1. Be succinct. We are all on overload so only share the important highlights of SEACs work.
2. End on a high note. Why is SEAC important to you? What are you particularly proud of from your work with SEAC?
3. Anticipate questions asking you to clarify information you have presented and maybe even concerns. Some suggestions for preparing for questions include:
 - a. Read through your presentation in the mindset of whomever you are addressing (i.e., board member, parent, school personnel). Do any questions come to your mind?
 - b. Do recipients of your presentation have any suggestions for upcoming SEAC meetings? You are representing the group you are speaking to, so learning their thoughts will help you prepare you for the year's work in SEAC and give voice to their thoughts.
 - c. Answer questions to the best of your ability and be honest if you are stumped. Good sources to include for them include the following:
 - i. [Family Matters Fact Sheets](#): Great documents to share in paper copy with any audience. They do a lot of the talking so you don't have to!
 - ii. Special Education (michigan.gov); Email: <mailto:mde-ose@michigan.gov>; Information Line: 888-320-8384
 - iii. Send a question to <mailto:PettitT4@michigan.gov> and have it answered in the next month's Advisor so you can then share the response.
