

STORY TIME IN AMERICAN SIGN LANGUAGE

Voice Interpreter will be provided

at Border's

4135 Miller Rd.

Flint

On Wednesday, November 7, 2007

@ 6:30 PM

Guest Storyteller: Freida Morrison

Freida is the ASL (American Sign Language) Specialist at Michigan School for the Deaf. She is third generation Deaf. She is a Site Coordinator for the Shared Reading Project (Clerc National Deaf Education Center on Gallaudet University). She is also the President of MSD Alumni Association.

Benefits of regular reading & storytelling with your children include:

- Increased interest in reading
- Greater academic success
- Improved listening/attention skills
- Stretched imagination
- Exposure to good literature which they might not be able to read on their own

For Parents and older siblings:

- exposure to good literature which they might not be able to read on their own
- Parents and older children can observe storytellers to enhance their own storytelling techniques
- Parents who bring their children to the bookstore indicate their own interest in books; that in itself will promote their children's interest in reading

This is an event for the entire family!

*6:30 PM for Preschool-Age Children

*7:00 PM for Elementary Students

Come join the fun!
