

# JANINE SCOTT

## Region 10 Teacher of the Year

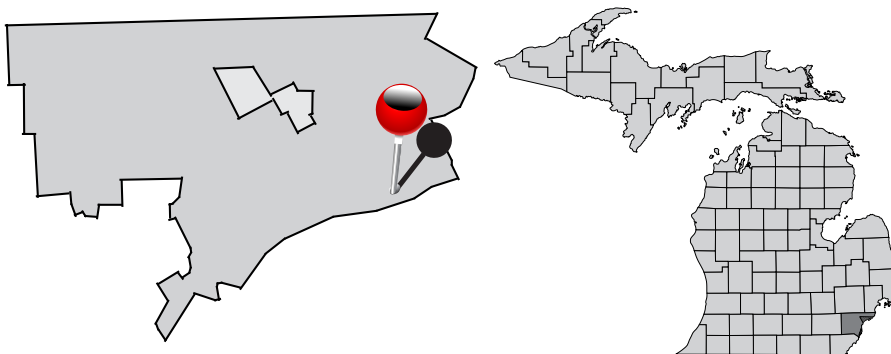

DAVIS AEROSPACE TECHNICAL HIGH SCHOOL

### BIO

Janine Scott is a second career mathematics teacher at Davis Aerospace Technical High School in Detroit. She has been teaching in the Detroit Public Schools Community District (DPSCD) for a total of 16 years. Prior to the classroom, Scott was an award-winning sales engineer for over 13 years. In addition to giving her all inside her math classroom, Scott is also active in her district, as well as both professional and public service organizations. She has worked with the DPSCD textbook selection committee and helped the district to write help write the HS math curriculum guides. She has also taught a College of Education Technology Class at Wayne State University, and works as a consultant at Schoolcraft College to develop and present math workshops. She is currently the president of Chalkbeat's reader advisory board, sits on the national K-12 Education Committee for the Society of Automotive Engineers, serves as a National Honor Society advisor, and is a mentor teacher for the Davis Aerospace Robotics team.
