Coming Spring 2019: PSAT 8/9 for 8th Grade

The Michigan Department of Education (MDE) is pleased to announce that starting in Spring 2019, the PSAT 8/9 will be administered to 8th graders. The PSAT 8/9 will replace the M-STEP English language arts (ELA) and mathematics assessments for accountability purposes. M-STEP social studies and science will continue to be administered to 8th graders.

The MDE and the College Board are currently working collaboratively to develop and define the details of this administration, including the dates the PSAT 8/9 will be administered to students in grade 8 next spring. An informational webinar is planned for May 2018. Details of the exact date, time, and how to participate will be announced in a future Spotlight.

As a reminder, for Spring 2018, M-STEP will continue to be administered to all 8th grade students in ELA, mathematics, science, and social studies. The following table reflects the transition plan from 2018 to 2019 for grade 8.

Questions about Spring PSAT 8/9, PSAT 10, or SAT?

- call the Michigan Educator Hotline: 866-870-3127 (select Option 1)
- email michiganadministratorsupport@collegeboard.org

Reminder: Schools that are participating in the Michigan-provided PSAT 8/9 for 9th grade, PSAT 10 for 10th grade, and SAT School Day do NOT place orders in the College Board test ordering site. Orders are created based on the number of students pre-identified in the Secure Site by February 13, 2018. If you are participating in the Michigan-provided assessments and have placed an order, please return to the test ordering site to cancel your order for these assessments as soon as possible.

Nonstandard Administration Report (NAR)

The Services for Students with Disabilities (SSD) coordinator can access the nonstandard administration report (NAR) approximately four weeks prior to test day to help organize testing for accommodated students.

The NAR for the SAT with Essay has been enhanced this year to include the student’s test book color, testing group, script name, whether a student tests over one day or two, and whether a student is approved to test in the accommodated testing window (April 10-24, 2018).

The NAR for PSAT 10 and PSAT 8/9 will include all students approved for accommodations. Any student listed on the NAR for the PSAT-related assessments can test in the accommodated testing window.

To assist you in room and staff planning before the NAR is available, view the accommodations matrix available on the College Board website (www.collegeboard.org/michigan).
Order Initial Materials and Pre-Identify Students

The window to order ACT WorkKeys standard-time and accommodations materials and submit student data for Pre-ID barcode labels for the initial test dates (April 11 - 24, 2018) is January 8 – February 13, 2018, 5:00 PM ET, using the OEAA Secure Site (www.michigan.gov/oeaa-secure).

Directions for these activities can be found on the Secure Site Training web page (www.michigan.gov/securesitetraining) under the Material Order section and the Pre-Identification of Students section.

Test materials will be sent to the WorkKeys Coordinator mailing address as listed in the Educational Entity Master (EEM) (www.michigan.gov/eem). Refer to the December 14, 2017 Spotlight for more information about confirming contact information and updating EEM.

Training Packets

Training Packets are being shipped to participating schools this week. They will contain copies of the answer documents, the manuals, and other administration materials to help familiarize yourself with the ACT test administration policies, requirements, and procedures. Additional copies of these materials will be sent in your initial shipment of test materials.

Overview of Accommodated Testing

In accordance with Title III of the Americans with Disabilities Act (ADA), and Section 504 of the Rehabilitation Act of 1973, ACT supports the use of test accommodations and supports for individuals with disabilities and identified English learners. These accommodations and supports make interaction and communication possible and fair for each examinee.

Determining who qualifies for ACT-allowed accommodations and supports requires well-informed educational judgement and documentation of a student’s personalized accommodation plan, transition plan, or signed affidavit attesting that the student has been treated as if such a need exists. Examinees who use accommodations and supports must have prior experience using these tools. The test coordinator must obtain documentation verifying that the use of the accommodation matches an identified need and is effective for the individual. Retain the documentation for at least one year (do not send it to ACT.)

Beginning Spring 2018, Spanish is no longer considered an accommodation. Students are now eligible for a National Career Readiness Certificate (NCRC) en español if they take all three tests in Spanish and score a minimum of three on each one.

(Continued on next page)
Examples of National Career Readiness Certificate (NCRC) eligible accommodations include:

- extended time testing (time-and-a-half, double time, three hours, and multi-day testing)
- use of reader/sign language interpreter for test directions, passages, and items
- alternate-format materials (Braille, Audio DVDs, and Large-Print)
- small group testing
- assistance in recording responses
- use of English Learner Supports that include:
  - use of translated test directions
  - use of word-to-word bilingual dictionary
  - locally provided verbal translation of test directions

Examples of NCRC ineligible modifications that change what the tests measure and result in non-reportable scores to schools and students include:

- translation of test items other than use of the Spanish test forms
- use of dictionaries with word definitions
- use of any Word-to-Word Dictionary not approved by ACT

Every student testing with an accommodation must have the appropriate Administration Code gridded on the answer document for each test administered with an accommodation. It is critical that you grid the correct administration codes as they may affect a student’s eligibility for scores and the NCRC.

For more detailed information about ACT’s accommodations, policies, and the list of Administration Codes, please refer to the ACT WorkKeys Administration Manual - Accomms Paper posted on the ACT State Testing website (www.act.org/stateanddistrict/michigan) in the Configuration stage.

Recently Asked Questions . . .

Where will the Text Dependent Analysis (TDA) item in the ELA test be located? This is a concern for us when attempting to schedule the test to ensure students have enough time to complete it.

Based on the estimated testing times, a typical student should expect to see the Text Dependent Analysis (TDA) essay in the first half of the ELA CAT test. As with all CAT items, students who pause and exit the test will return to that same item when he or she logs back in to the test. Work that the student started prior to pausing and exiting is saved by the system so the student will be able to continue working at the place where he or she left off. As a reminder, students should only click “Next” when they have completed a CAT item and they are comfortable with their response. Once they click "Next" there is no way to return to a previously answered question.

The TDA essay will be included in Day 2 of the paper/pencil ELA assessment.

Are foreign exchange students supposed to take the PSAT 8/9 and PSAT 10?

Foreign exchange students are enrolled students and are expected to participate in all state assessments based on their grade.

Is a grade 9 or 10 student repeating the grade supposed to take the PSAT 8/9 or PSAT 10 again?

Students repeating a grade in grades 3–10 are expected to participate in the state assessment based on their grade, even if they have previously taken the assessment.
