DRC District and Building Coordinator Training Webinars – NEXT WEEK

The District and Building Coordinator Training for Online Testing webinars for the Spring 2019 M-STEP, MI-Access, and K-2 Early Literacy and Mathematics Benchmark Assessments are next week. District and Building Coordinators should attend to learn about:

- what’s new for 2019
- helpful online testing tips
- where to find important resources
- Q&A

Click on the links provided in the table below to join each session. Presentations will be available prior to training.

A recording of all the administration trainings will be posted to eDIRECT (https://mi.drcedirect.com) by the end of the day on March 8, 2019.

Managing Students in eDIRECT

**M-STEP, MI-Access, and Early Literacy and Mathematics Benchmark Assessments**

On March 8, 2019, eDIRECT will be available for schools to continue managing online test sessions, accommodations and printing test tickets and rosters for the Spring 2019 M-STEP, MI-Access, and Early Literacy and Mathematics Benchmark Assessments.

(Continued on next page)
All users who have one of the following roles in the Office of Educational Assessment and Accountability (OEAA) Secure Site will have access to eDIRECT on March 8:

- District Administrator
- Public School Administrator
- Nonpublic School Administrator
- Online Test Admin – AMS & eDIRECT Only
  - district, public school and nonpublic school level
  - must also have access to M-STEP, MI-Access
  and/or Early Literacy and Mathematics Benchmark Assessments

Schools should continue to pre-identify students for testing on the OEAA Secure Site; from there, student information will be transferred to eDIRECT. Students will need to be put into an online test session in eDIRECT before printing test tickets and rosters. Students can no longer be entered into a test session in the Secure Site.

Students taking the MI-Access Supported Independence and Participation assessments will be transferred to eDIRECT in one test session, making it easier for schools to print test tickets and to enter scores in the online answer document after testing is complete.

Users will receive their login and password for eDIRECT from Data Recognition Corp (DRC) at the email address in their Michigan Education Information System (MEIS) account. Be sure to verify or update your email address, if needed, in MEIS (https://mdoe.state.mi.us/MEIS/Login.aspx).

If you do not have access to eDIRECT on March 8 and need access to manage students, use the instructions How do I get Access to eDIRECT?, found on the Secure Site Training web page (www.michigan.gov/securesitetraining).

Test administrators are able to access tutorials and manuals for eDIRECT (https://mi.drcedirect.com) without a login and password by going to All Applications → General Information → Documents or Test Tutorials.

How You Can Use the Pre-ID Student Report

All students taking an online or paper/pencil Spring 2019 assessment must be pre-identified on the OEAA Secure Site. If kept up to date by the school, this is a full list of students testing, as well as additional student and test information.

Other than using the Pre-ID Student Report to verify that all students enrolled will be testing – DID YOU KNOW?

- The Pre-ID Student Report on the OEAA Secure Site for WIDA includes the student’s barcode number from the Secure Site. If you do not have a printed barcode label for a student’s paper/pencil test, you must use a yellow district/school label and complete the student information on the test booklet. The barcode number from the Secure Site must be completed in the State Defined Optional Data field on the student’s test booklet.
- The Pre-ID Student Report can be downloaded into an excel spreadsheet and customized by deleting and/or adding additional columns:
  - to create testing rosters for each assessment

(Continued on next page)
• to create a sign-in sheet for testing sessions
• to filter by paper/pencil testing to use as checklist to make sure all answer documents are accounted for and returned
• to keep track of students who are absent and will need makeup materials ordered for SAT and WorkKeys
• to keep track of students who are absent and will need to be included in a makeup testing session
• to keep track of reasons why a student did not test, to be ready for Answer Documents Received and Not Tested

• If you are using reporting codes, the Pre-ID Report can be filtered by the groups you create, which allows an easier way to create testing rosters by teacher/groups. For more information on reporting codes, see the February 21 Spotlight edition (www.michigan.gov/mde-spotlight)

• You can easily verify student demographics that are used for assessment reporting and accountability subgroups and work with your district Michigan Student Data System (MSDS) person to ensure the demographics are corrected in MSDS prior to the posted deadlines (usually a few weeks after the testing window has closed – watch the Spotlight for dates)

Please note: These are meant to be helpful suggestions for organizing your testing and not requirements. Also, if kept up to date by the school, the Pre-ID Student Report lists students who are testing, not your list of accountable students, even though they should be very similar.

We would love to hear the other ways that you have found to use the Pre-ID Student Report. Send an email to mde-oeea@michigan.gov with other uses or tricks you have found.

M-STEP Online and Paper/Pencil Test Administration Directions Available

The Spring 2019 M-STEP Online and Paper/Pencil Test Directions are now available on the M-STEP web page (www.michigan.gov/mstep) under the What's New and Current Assessment Administration sections.

All test directions – both online and paper/pencil - are grade-specific. The test directions contain information critical to the administration of the various M-STEP assessments. Therefore, all Test Administrators must read the applicable test directions prior to test administration for each M-STEP assessment they will administer.

Test directions are sent to schools with Initial Material Orders according to Pre-ID counts. One test directions document is sent per 20 students who have been pre-identified, by test mode (online or paper/pencil). Schools can print additional copies of the test directions from the M-STEP web page as needed.

M-STEP Supports and Accommodations Worksheets

Test coordinators should organize the Universal Tools, Designated Supports, and Accommodations students need for the M-STEP assessments in advance of testing. This includes creating a list of these needs so that they can be easily input into eDIRECT prior to testing. This also helps ensure that students have what they need at the time they sit down to test. The Office of Educational Assessment and Accountability (OEAA) has created worksheets to help coordinators stay organized. Download these interactive PDFs and get started today!

Bilingual Word-to-Word Dictionaries for State Assessments

The use of bilingual word-to-word dictionaries is not allowed on every state assessment or content area. As a reminder to educators, a bilingual word-to-word dictionary is not a
dictionary. This resource type does not provide definitions but only provides word-to-word translations. The information below can also be found in the Supports & Accommodations Guidance Document located under the Student Supports and Accommodations section of the following assessment web pages. This applies to all grade levels for each assessment’s content area listed.

M-STEP:
• Is NOT allowed on M-STEP English language arts.
• Is allowed on M-STEP mathematics, science, and social studies.
• The Michigan Department of Education (MDE) does not provide an approved list of dictionaries. Students may use dictionaries that they currently use in the classroom as long as they do not provide definitions.

MI-Access:
• Is allowed on all portions of the assessment except for text designated as Do Not Read Aloud.
• The MDE does not provide an approved list of dictionaries. Students may use dictionaries that they currently use in the classroom as long as they do not provide definitions.

PSAT/SAT:
• Is allowed for all portions of the assessment.
• College Board provides an approved list of bilingual word-to-word glossaries. Students may ONLY use glossaries from this approved list. Please note: The College Board and ACT lists are not the same.

ACT WorkKeys:
• Is allowed for all portions of the assessment.
• ACT provides an approved list of bilingual word-to-word glossaries. Students may ONLY use glossaries from this approved list. Please note: The College Board and ACT lists are not the same.

WIDA ACCESS for ELLs & WIDA Alternate ACCESS for ELLs:
• Is NOT allowed for any portion of the WIDA assessments.

2017-18 School Accountability Results
Results for the 2017-18 Michigan School Index System (www.mischooldata.org/SchoolIndex/Location.aspx) will be publicly available March 1, 2019 on MISchoolData (www.mischooldata.org). The embargo for 2017-18 school accountability data is lifted with this public release.

Supporting resources for school districts to access for the Michigan School Index System can be found on the Accountability web page (www.mi.gov/mde-accountability) under Resources for Educators.

When districts choose to share or communicate any of the information from its Index score, be aware that any student datafiles or screenshots of the School Index reports downloaded from MI School Data, when logged in as a secure user, are never to be shared publicly. Reports and files visible to logged-in users of the site contain unsuppressed and potentially personally identifiable information.

2018-19 Annual Education Report (AER) Public Availability
The Michigan Department of Education (MDE) has finalized the data and materials for schools to use in publishing their Annual Education Report (AER). Schools have had access to the preview version of the 2017-18 AER data and materials necessary for the creation of 2017-18 AERs since February 22, 2019 on MI School Data (www.mischooldata.org). The AER will be available publicly on MI School Data on March 1, 2019.
Training

SAT with Essay, PSAT 10, and PSAT 8/9 test coordinators should have received an email with a link to access the required training. The online training can also be accessed directly here (www.collegeboard.org/ptat) if the coordinator did not receive the email. Coordinators are now required to complete training every year, even if they have completed it in prior years.

The SAT training is divided into 3 modules: one for coordinators, one for proctors, and one for SSD coordinators. The SSD coordinator training module is the same as the coordinator training module. The proctor module is specific to test day activities related to proctor responsibilities. The PSAT training is one module that encompasses information for both PSAT 10 and PSAT 8/9 coordinators. The coordinator is responsible for training other test day staff. The table below describes options to accomplish this.

If you are a coordinator for both SAT and one of the PSAT-related assessments, training for either the SAT or PSAT is required. Completion of the other assessment’s training is encouraged.

**Translated Test Directions**

The PDFs of translated test directions for use by English Learners (EL) on the SAT with Essay, PSAT 10, and PSAT 8/9 are now available for schools to download and print, to provide to students on test day. Printed translated test directions will not be shipped to schools.

**IMPORTANT NOTE:** The translated test directions are not Michigan-specific but will provide all relevant directions for students. The directions are also provided using only the standard script, so test coordinators and proctors should make sure students understand they should pay attention to the timing instructions provided verbally and written on the board.

To access translated test directions, go to:

**Testing Tips Webinar**

A live webinar to assist SAT with Essay, PSAT 10, and PSAT 8/9 coordinators with helpful hints for planning for an effective preadministration session and test day will be held on **March 28, 2019, from 3:00-4:00 PM**. If you cannot attend the live presentation, it will be recorded and available on the [MME web page](https://www.michigan.gov/mme) and the [College Board Michigan web page](https://www.collegeboard.org/michigan) at a later date. Click [here to register](https://www.tinyurl.com/2019MITestingTips).

**Coming Soon**

- Preadministration and test materials arrive the week of **March 18, 2019**.
- Additional material order window opens in the OEAA Secure Site on **March 20, 2019**.

**Questions about Spring PSAT 8/9, PSAT 10, or SAT?**

## Test Materials Shipments

Standard time and accommodations test materials for the April 10, 2019 test day will be shipped for delivery to schools, either the week of March 11, 2019 or March 18, 2019, as selected by the school on the Manage Participation screen in PearsonAccess<sup>next</sup>.

FedEx tracking information will be available beginning March 11, 2019 on the Material Order Summary Report page on the OEAA Secure Site. You can access the Material Order Summary Report under the Assessment Registration menu and then the sub-menu of Material Orders.

Be sure to check the materials within 24 hours of receipt using the guidelines found in the ACT Test Coordinator Information Manual (https://www.act.org/content/dam/act/secured/documents/pdfs/state-district-test-coordinator-paper-test.pdf). This manual is posted on the ACT state testing website (http://www.act.org/stateanddistrict/michigan) on the WorkKeys on Paper page in the Administration stage.

If after checking in your test materials you find the number of examinees scheduled to test on the initial test day exceeds the number of test materials received, you will need to order additional ACT WorkKeys materials through the OEAA Secure Site (www.michigan.gov/oeaa-secure) beginning Wednesday, March 20, 2019 through the following Wednesday, March 28, 2019 at 5:00 PM ET.

Instructions for the Additional Material Order function can be found on the Secure Site Training web page (www.michigan.gov/securesitetraining).

If you are missing any materials that are not orderable via the OEAA Secure Site—such as FedEx return labels, Test Administration Forms, return polymailers, etc.—call ACT for resolution.

## Testing Staff Requirements

The ACT WorkKeys test coordinators are responsible for selecting their test day staff, using the guidelines detailed in the ACT Test Coordinator Information Manual posted on the ACT state testing website (http://www.act.org/stateanddistrict/michigan) on the WorkKeys on Paper page in the Administration stage.

Test day staff include:

- **ACT WorkKeys Test Coordinator** – who has overall responsibility for coordinating test site operations and ensures that students testing at your school test under the same conditions as students at every other school.

- **Substitute Test Coordinator** – who will act as the ACT WorkKeys Test Coordinator if the original coordinator is unable to serve on test day.

- **Accommodations Test Coordinator** – who will assist with administering the accommodations and English Learner supports.

- **Room Supervisors** – who will assist the ACT WorkKeys Test Coordinator in preparing for test day, checking in students, administering the tests, and returning all test materials.

- **Proctors** – who will assist the ACT WorkKeys Test Coordinator and Room Supervisors in preparing for test day, checking in students, administering the tests, and returning all test materials. Proctors are also responsible for actively monitoring students during testing and reporting prohibited behavior. The number of proctors required in a testing room is proportional to the number of students testing.

(Continued on next page)
To protect your staff (including athletic coaches) and your relatives or wards from conflicts of interest or allegations of impropriety, there are strict guidelines on who may and may not serve as ACT WorkKeys testing staff. These guidelines begin on page 12 of the ACT Test Coordinator Information Manual. Student’s scores will be canceled if any of these policies are violated.

The MDE Assessment Integrity Guide located on the MME web page under the M-STEP Grade 11 Science and Social Studies section provides additional guidance on the identification of testing personnel.

The full list of responsibilities for each role listed above begins on page 14 of the ACT Test Coordinator Information Manual.

**Training ACT WorkKeys Testing Staff**

The ACT WorkKeys test coordinator is required to hold a training session before test day to ensure testing staff understand their responsibilities and are prepared for test day activities. In addition, on each test day morning, the ACT WorkKeys test coordinator is required to hold a briefing session to discuss any site-specific information, last-minute issues that arise, or concerns that staff members may have.

A Training Session Outline and Topics for Discussion list is available in the ACT WorkKeys Administration - Standard Time Paper and the ACT WorkKeys Administration Manual for Accommodations and English Learner Supports manuals posted on the ACT state testing website (www.act.org/stateanddistrict/michigan) on the WorkKeys on Paper page in the Administration stage.
