State of Emergency Forgiven Time Q&A Webinars for Districts

To help districts understand how the forgiven time for state of emergency days may apply to their district, several live Q&A webinars are available for districts to attend and have their questions answered. Topics may include applying all forms of available forgiven time, applying forgiven time to hours, days where attendance falls below 75%, days and clock hours reporting, and working with your ISD auditor. We strongly urge you to join one of the Q&A webinars to have your questions answered in a timely manner.

The webinars will be held via Skype. You do not need to have Skype on your computer as a web-based version is available. Please allow a few additional minutes to access the webinar prior to the start time.

Capacity is limited in each webinar. If you have several people joining from your district, we ask that you view the webinar together to leave spots open for other participants.

Please check back prior to the start of the webinar as the webinar links may be updated. Additional dates may be added as necessary.

We ask that you consider attending one of the following webinars:
