# Required Test Security and Test Administration Training

All staff must be trained in test administration and test security practices.

**Assessment Security Training Requirements:**

Annual security training is a requirement for individuals who will take part in the administration of state assessments; these include ACT WorkKeys, Early Literacy and Mathematics Benchmark, MI-Access, M-STEP, PSAT 8/9, PSAT 10, SAT with Essay, WIDAACCESS for ELLs, and WIDA Alternate ACCESS for ELLs.

- **District and Building Assessment Coordinators:** Read the [Assessment Integrity Guide \(AIG\)](#) and take the Assessment Security Training course (or the Refresher Course) through the [Michigan Virtual \(MV\) Professional Learning Portal \(https://plp.mivu.org/\)](https://plp.mivu.org/).
- **Test Administrators and Proctors:** Take the [Assessment Security Training course](#) (or the Refresher Course) and/or read the AIG.  

The Michigan Department of Education (MDE) recommends that District and Building Coordinators determine which training method is best for their testing staffs, and that the coordinators assume responsibility for ensuring that the training is delivered. This is not a new requirement, just a new way to meet the existing requirement.
- **Technology Coordinators and Other Staff (anyone who handles or has access to secure materials):** Read "Keeping Assessment Materials Secure" in [Appendix E](#) of the AIG. The previous requirement was to read "the relevant sections" of the AIG. MDE has collected those sections into this one-page document.

Office of Educational Assessment and Accountability

**ASSESSMENT SECURITY TRAINING**

This four-module training series can be used to train building staff on the importance of test security. By participating in this training staff will:

- review the importance of test security during all phases of test administration,
- know how to properly prepare for test administration, and
- understand what to do if something doesn't go as planned.

Each module is designed to be completed in 10-15 minutes. Learners who complete all four modules and demonstrate their knowledge on a short test will be able to print a Certificate of Completion at the end of the training. After successful completion of this training, the refresher course is available for training in subsequent years. See the module descriptions below.

**Module 1: An Introduction to Test Security and Planning**  
This module covers why test security is important and discusses how staff can plan for testing.

**Module 2: Getting Ready for Testing**  
This module covers steps to take before testing, such as staff training and preparing the testing environment. These steps will help you avoid common security problems.

**Module 3: Test Administration**  
This module covers security concerns and considerations during testing. Certain practices used during testing can help to avoid or minimize problems.

**Module 4: Incident Response**  
This module covers what to do if something goes wrong. Most problems can be prevented with preparation and monitoring and most can be mitigated with a quick and careful response.  
This course is available free of charge through Michigan Virtual's Professional Learning Portal. Select the link below to register.

# OEAA Assessment Security Compliance Form

Any person involved in the administration of ACT WorkKeys, SAT with Essay, PSAT 8/9 and 10, or M-STEP must sign the OEAA Security Compliance Form.

**MICHIGAN DEPARTMENT OF EDUCATION**  
Office of Educational Assessment and Accountability

**OEAA ASSESSMENT SECURITY COMPLIANCE FORM**

**All staff** who participate in a state assessment or handle secure assessment materials must be fully trained in assessment security and test administration procedures according to their role and sign this OEAA Assessment Security Compliance Form before participating in administering any of the state's assessments. Each staff member only needs to sign one form per academic year, if involved in the administration of multiple assessments. (Staff roles include, but are not limited to, coordinators, administrative staff, test administrators, proctors, and monitors)

**Directions**

**TO COMPLETE:**

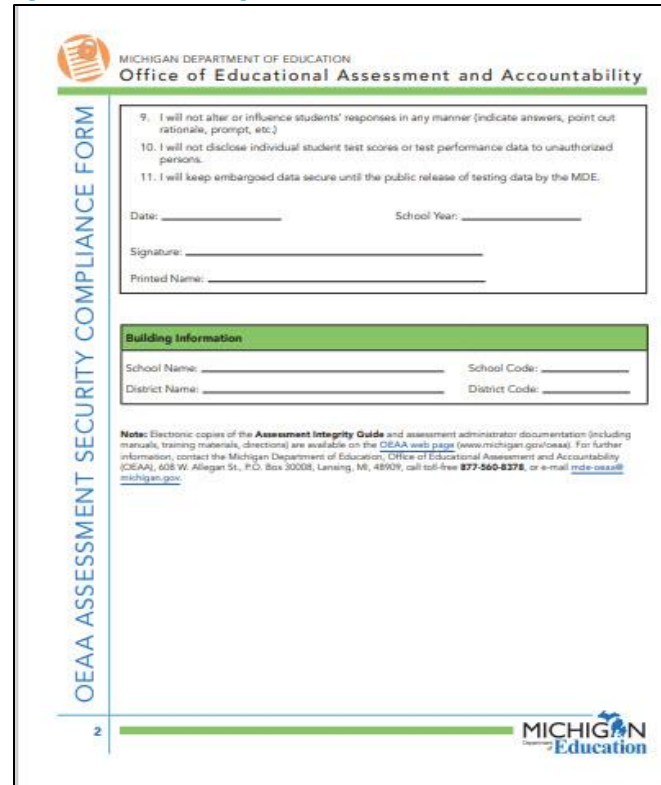

1. Read this form in its entirety.
2. Date and sign the bottom of this page.
3. In the area under Building Information print both school name and district name on the lines provided. If known, provide school and district codes (these codes are found in the Educational Entity Master [EEM]).

**IMPORTANT:**  
Districts or buildings must keep all completed Security Compliance Forms on file at their district for a period of three years following the assessment window. Do NOT return completed forms to the testing contractor. For complete documentation on required test security practices, policies, and procedures refer to the **Assessment Integrity Guide**.

**I, the undersigned, do certify and attest to all of the following:**

1. I have been trained in assessment security as pertaining to my role.
2. I have received training on the appropriate procedures and administration of the state assessments.
3. I have read the information and applicable instructions provided in the manual, directions, and any other documentation for the assessment(s) I am involved with and I agree to follow these procedures as they pertain to my role.
4. I understand my obligations concerning the security and confidentiality of these tests.
5. I understand that any deviation from required test administration practices may result in one or more of the following: test invalidation, further investigation, required additional training, and the revocation of authorization to administer the state's assessments. I also understand that the local school district may also impose reprimands and sanctions according to local district policies.
6. I am aware of my obligation to report any suspected violations of test security.
7. I have not and will not keep, copy, reproduce, paraphrase, distribute, review, or discuss any test materials that have not been released via posting on the [OEAA web page](http://www.michigan.gov/oeaa) ([www.michigan.gov/oeaa](http://www.michigan.gov/oeaa)) by the Michigan Department of Education (MDE).
8. I will not use test items, test booklets/answer sheets, or any of the information contained in an assessment to review/prepare students for a test unless and until it is released via posting on the [OEAA web page](http://www.michigan.gov/oeaa) ([www.michigan.gov/oeaa](http://www.michigan.gov/oeaa)) by the MDE.

9. I will not alter or influence students' responses in any manner (indicate answers, point out rationale, prompt, etc.)
10. I will not disclose individual student test scores or test performance data to unauthorized persons.
11. I will keep embargoed data secure until the public release of testing data by the MDE.

# Creating Testing Schedule

PSAT 8/9 & 10 and SAT with Essay need to follow the testing schedule requirements documented in the Coordinator Manual for each assessment.

ACT WorkKeys testing schedule requirements are documented in the TAM.

  
SAT and PSAT Assessment Timing Organizer

The sample schedule does not include any preadministration activities. The testing duration only includes the time spent testing, including the scheduled breaks. The list is also not exhaustive of all possible timing combinations. The sample schedule assumes testing begins at 8:00. Include your own school's schedule below based on the time you expect testing to start.

TEST ADMINISTRATION | SEQUENCE AND TIMING OF THE TESTS

### Sequence and Timing of the Tests

**Sequence of Tests**  
The tests must be administered in the order listed: Test 1—*Writing* Documents (first), Test 2—*Applied Math* (second), Test 3—*Graphic Literacy* (third) if this order is altered, tests will not be scored.

**Start Time**  
Verbal instructions may begin as soon as all examinees have been identified and seated. It is recommended that the verbal instructions start no later than 9:00 a.m. in all rooms to ensure adequate testing time.

**Late Start—Standard Time**  
If you are able to begin the standard time test administration before 10:30 a.m., you may test as planned.

- Do not alter the sequence or timing of tests.
- Administer all breaks as outlined in the verbal instructions.
  - Do not shorten or skip any breaks to make up for the late start.
  - Do not lengthen the 15-minute break after Test 2 to accommodate lunch service.
- Submit an Irregularity Report that includes the reason for the late start.

If you will not be able to complete the tests in accordance with the outlined timing and break requirements, do not begin testing. Instead, follow the If You Did Not Test procedures. These are found in the Test Coordinator Information Manual.

**Time Allowed for Each Test**  
Each test has a set time allowance based on the timing guidelines it is being administered under. The times specified in the verbal instructions for each test must be followed exactly as stated.

**Timing the Tests**  
Each room supervisor is responsible for timing the tests in his or her own room. Timing or reading the verbal instructions is not to be controlled from a central location for multiple rooms (for example, using bells, a PA system, or loudspeakers). Each room supervisor must be able to react to any problems or questions that occur in a particular room and adjust timing if necessary. This procedure also minimizes the effects of any mistimings.

For standard time administrations, the full time for each test must be given, regardless of the number of examinees in the room. Take extreme care to ensure the exact time is allowed for each test.

# Off-site Testing

## Off-site Test Administration Requests

ACT WorkKeys, MI-Access, M-STEP, and WIDA requests must be submitted through the OEAA Secure Site.

PSAT 8/9 & 10 and SAT with Essay must be submitted through the College Board.

# Material Security

All materials must be inventoried upon receipt and kept in a secure, limited access, location.

# Role of Assessment Coordinator During Testing

# Monitoring Test Administration

The test coordinator should monitor all active test sessions to ensure procedures are being followed according to the TAM. The test administrator should monitor all testers.

# Supporting Staff

Be sure to have a plan in place to allow for staff breaks, student emergencies, and hall monitoring.

# Incident Reporting

Ensure that any irregularities are communicated and reported.

## There are two types of irregularities: individual and group

### Individual and Group Irregularities

(See Irregularities section of Administration Manual for complete information about irregularities. Copy this form as needed.)

**Purpose of this form:** This form is used by room supervisors to report any irregularities that occur in their test rooms on test day.  
**Instructions for the test coordinator:** If you receive an Irregularity Report from a room supervisor, ensure that the appropriate procedures for reporting the irregularity were followed. Check the form for completeness; be sure that voided answer documents, if applicable, are attached; for group irregularities, be sure that a list or roster of examinees in that room is attached. Make a copy of the completed forms for your records and return the originals to ACT.  
**Instructions for room supervisors:** If an irregularity occurs in your test room, complete all appropriate fields on this form and return the completed form to the test coordinator.

**1 GENERAL INSTRUCTIONS TO COORDINATORS** Name: \_\_\_\_\_ of \_\_\_\_\_

- Refer to the "Report Test Administration Irregularities" section in your Coordinator Manual for information on when and how to use this form.
- Report each irregularity on a separate IR. List all students affected by a single irregularity in section 2.
- Keep inside the margins. Fill in the appropriate circles completely. Use only No. 2 pencils.
- Complete all sections as appropriate to the irregularity type. The staff member reporting the incident must sign this form in section 5. The test coordinator must also sign all IRs.
- Record accurate number(s) at the top of this section on each form (e.g., Form 1 of 27).
- Be sure to specify technical issues that prevented students from completing the Digital PSAT 10 if applicable.
