

Actionable Items for Superintendents:

- Personally communicate with a student at the elementary, middle and high school about their aspirations for college and career each month.
- Post bilingual signs in the schools, where applicable, welcoming parents and directing them to the office.
- Endorse and fund staff and administrator training in effective parent engagement strategies.
- Select two parents representing challenged students in your schools and listen to their needs for helping to improve academic performance.
- Take one principal and one teacher to a meeting with parents at a location and time selected by parents outside of the schools to discuss their student's needs.
- Remove one parent engagement barrier from your schools annually.
