

CRIME VICTIM SERVICES COMMISSION

**ANNUAL REPORT
FY 2015**

October 1, 2014 - September 30, 2015

CRIME VICTIM SERVICES COMMISSION

Introduction

The Crime Victim Services Commission (CVSC) is the state agency charged with overseeing a wide range of funding and services for victims of crime. Its goal is to promote services and supports that protect and enhance the health, safety, dignity, and rights of victims of crime across the state of Michigan.

The Commission is governed by a governor-appointed board comprised of a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession, and a community-based victim advocate.

The Commission is empowered to investigate and determine claims for crime victims' compensation. The Commission monitors, evaluates and coordinates state and local victim assistance programs. It also determines and administers revenue and assessments required in support of services under the Crime Victims Rights Act. Finally, the Commission administers federal grant funding under the Victim of Crime Act of 1984 (VOCA).

The Commission was created by P.A. 519 of 1996 and succeeds the Crime Victims Compensation Board created by P.A. 223 of 1976, and the Criminal Assessments Commission created by P.A. 196 of 1989. Executive Order 1997-10 transferred the Commission from the Department of Management and Budget to the Michigan Department of Community Health (MDCH). Executive Order 2015-4 merged the Department of Community Health and the Department of Human Services into the Michigan Department of Health and Human Services (MDHHS).

Under MDHHS, the CVSC administers three victim service programs providing more than \$20 million in services for more than 250,000 citizens each year. The programs include Crime Victims Compensation, Crime Victims Rights, and Crime Victims Assistance (VOCA). All program efforts are fully supported by criminal assessments or fines paid by convicted defendants in state and federal courts. The Commission provides an advisory function in policy development, determines criminal assessment amounts, and acts as the appeals forum for compensation claims. In addition to its statutory program duties, the Commission also supports training and technical assistance for state victim advocates, and is project leader for the statewide Michigan Victim Information and Notification Everyday project (MI-VINE).

The Commission would like to extend its thanks and appreciation to the many excellent victim service agencies, organizations, and individuals who work with us to carry out the important task of providing crime victim services in Michigan.

In accordance with MCL 18.353, the Commission shall give an annual report of its activities to the Governor and the state Legislature. The Commission is pleased to provide this report for the period of October 1, 2014, through September 30, 2015.

MI-VINE – The Michigan VINE Service

During the 2015 fiscal year, the Michigan version of the VINE Service has been renamed MI-VINE. MI-VINE is a free, confidential, fully automated telephone notification service that immediately notifies registered crime victims and other users upon a change in an offender's custody status. MI-VINE can relay important custody, court or arrest information in a matter of minutes anywhere in the United States. Victims and others may call 800-770-7657 or log onto www.vinelink.com to obtain immediate status information on prisoners in custody of the Michigan Department of Corrections (MDOC) or participating county jails. Victims whose perpetrator is being held in MDOC will be automatically registered to receive automated notification of a change in prisoner custody status unless they have made other arrangements with the MDOC. Victims may also log onto www.vinelink.com to receive e-mail, text, or telephone notification of the custody status of offenders in the county jails and/or to receive notification of court events involved in their case.

During the 2015 fiscal year, 64,926 individuals registered to receive notification of custody status and/or court events with MI-VINE. Automated victim notification is an important part of the criminal justice process toolbox and is utilized by law enforcement and prosecution through the state. In addition to MDOC there are 71 prosecutor offices and 76 sheriff offices participating in the MI-VINE Network.

Crime Victims Rights Training and Coordination

Prosecuting Attorneys Association of Michigan – Victim Rights Training Unit

The Commission continued its partnership with the Prosecuting Attorneys Association of Michigan's Victim Rights Training Unit. As a result of this project, victim advocates from across the state attend annual seminar and leadership programs. Some trainings, approved through the social work continuing education units, respond to the special focus of victim needs. The basic training for new advocates has retained the National Organization for Victim Assistance (NOVA) accreditation. It is important that victim advocates maintain and enhance their skills. This training program and partnership with the Prosecuting Attorneys Association of Michigan provides them with effective and progressive training opportunities. Victim advocates working for prosecutor offices across Michigan remain the front-line providers of crime victims' rights. Training topics covered areas such as: Dealing with Difficult People; Taking a Victim Centered Approach in Adult Sexual Assault Cases; Safety: The Real Story (Human Trafficking); Preventing Killers from Profiting from Murder; Overview of the Sex Offender Registration; MDOC Victim Rights, Processes and Updates; Addressing the Drugged Driver; Cultural Competency and MI-VINE. A majority of attendees reported through an evaluation process that the programs they participated in ranged from very good to excellent.

Michigan Sheriffs' Association, Training and Technical Assistance Project

Our relationship with the Michigan Sheriffs' Association (MSA) continued during the 2015 fiscal year through the grant to support the Statewide Training and Technical Assistance, Volunteer Victim Advocate Program.

Volunteer Victim Assistance Teams work in coordination with local law enforcement at the scene to provide short-term crisis intervention for victims. Currently, there are 43 active Volunteer Victim Advocate Teams within the state that provide services to more than 3,600 victims and their families.

Volunteer victim advocates are caring compassionate individuals who are recruited from the community. They represent a broad section of the population and have often experienced their own personal tragedy and want to give back to their communities. During the 2015 fiscal year, the Michigan Sheriffs' Association trained 91 new advocates at six, 20-hour trainings held throughout the state. MSA held the Volunteer Victim Advocate Conference in April of 2015 with over 200 in attendance. The theme of the conference was "Advocacy – Why it Matters." These trainings are very helpful for the volunteers when dealing with victims and their families.

Victim of Crime Act (VOCA) Training and Technical Assistance Efforts

VOCA Grantee Training

The Commission conducted webinar and in-person trainings for recipients of federal VOCA grant funds during 2015. The training efforts focused on a number of topics including training on how to use the on-line grants management system, federal grant compliance requirements and financial and programmatic grant requirements.

Grant Monitoring and Oversight

Monitoring of VOCA Grantees (sub-recipients) is performed by the Commission staff. Monitoring is performed in compliance with federal and state rules and laws. Monitoring activities included staff review of monthly financial reports, quarterly performance and annual financial and performance reports submitted by VOCA grantees to CVSC. CVSC assesses progress in meeting goals and objectives and to evaluate outcome measures and program effectiveness. Follow up action occurs if needed and a corrective action plan is required if necessary. MDHHS issues management decisions and requires a corrective action plan if weaknesses are found through financial audits. In addition to the review of financial and programmatic reports, the Commission staff performed on-site compliance reviews and desk audits during 2015.

VOCA Grant Compliance Review Site Visits

The Commission staff conducted grant compliance on site reviews at 30 federally funded victim assistance projects. The site reviews averaged between six and eight hours. All agencies were found to be in satisfactory compliance with contractual requirements. Corrective action plans, if required, were received from agencies visited in 2015 to ensure grant compliance.

VOCA Grant Compliance Review Desk Audits

The Commission staff conducted several desk audit reviews of federally funded victim assistance projects. The desk reviews consist of documentation review (such as paid receipts and check subs) to ensure that federal grant expenditures reported are actual costs and are adequately supported by agency source documentation. All agencies reviewed were found to be in satisfactory compliance with contractual requirements. If corrective action plans were needed, they were requested and received from agencies reviewed in 2015.

Crime Victims Compensation

During FY 2014-2015, the Crime Victims Compensation program paid out more than \$2 million in direct financial assistance to **crime victims** in 852 claim awards. In 37 years of operation, the program has paid out \$98 million in 37,660 awards of financial compensation. These payments are a last resort for injured crime victims with unpaid medical bills, loss of earnings or support, burial payments, and counseling needs. Eligible victims cannot be responsible for their injury, must report the crime promptly, must cooperate with the police investigation, and show financial hardship. A maximum of \$25,000 may be reimbursed to each injured victim or victim's family.

Crime Victims Assistance (VOCA)

In accordance with provisions of the Victims of Crime Act of 1984 (VOCA), the Crime Victims Assistance program provides federal dollars in grants to **local public and non-profit agencies** that engage in direct services to crime victims in the community. Annual support levels are determined by congressional appropriation of U.S. Treasury receipts of federal criminal fines and forfeitures. Private non-profit organizations, public agencies, and Indian tribes are awarded funds through an annual competitive application process.

Priority is given to projects providing services to victims of child abuse, sexual assault, domestic violence, and underserved crime victims. Direct services are efforts that respond to the emotional and physical needs of crime victims; assist victims of crime to stabilize their lives after victimization; assist victims to understand and participate in the criminal justice system; or restore a measure of security and safety for the victims. To be eligible, an agency must promote public and private coordination; utilize volunteers; have non-federal sources of service funds; assist victims with compensation claims; and have a proven record of direct service provision to victims of crime.

Crime Victims Rights and Assessment Revenue

The Crime Victim Rights program administers assessment revenue collected from convicted defendants by circuit, district, and juvenile courts. Funds are disbursed to **Michigan’s prosecuting attorneys and several juvenile courts** to support implementation of P.A. 87 of 1985, the William Van Regenmorter Crime Victims Rights Act, to the department for implementation of P. A. 223 of 1976, the Crime Victims Compensation Act and for costs associated with supporting MI-VINE, the automated victim notification system. This restricted funding supports comprehensive mandatory rights of crime victims to participate in and be notified of all pertinent proceedings in the criminal justice process. Implementation and support of comprehensive local case management for crime victims is an ongoing priority.

Sexual Assault Forensic Examination (S.A.F.E.) Response

Pursuant to P.A. 391 of 2008, which amends P.A. 223 of 1976, the S.A.F.E. Response program was established within the Department of Community Health (now the Department of Health and Human Services), Crime Victim Services Commission. Sexual assault victims can obtain a sexual assault forensic examination (S.A.F.E) at no cost to them, and they do not have to cooperate with law enforcement in order to obtain a free forensic examination.

(All State Dollars)

In fiscal year 2014-2015, state revenue paid out \$726,207 in payments for sexual assault forensic examinations directly to providers.

History of Authorization for Crime Victim Services

Crime Victims Compensation Act-PA 223 of 1976 (M.C.L. 18.351)

This act created the Crime Victims Compensation Board and provided for the reimbursement of expenses to innocent crime victims who suffer personal injury. Michigan became the 17th state to offer this program. The act was amended seven times between 1985 and 2010 to expand basic program eligibility and coverage for victims.

Victims of Crime Act of 1984 [VOCA] (Public Law 98-473, 98 Stat.2170)

This federal statute created the Crime Victims Fund in the U.S. Treasury. Federal criminal fines and forfeitures support the fund. The Office for Victims of Crime in the U.S. Department of Justice disburses the bulk of these funds to state crime victim compensation and victim assistance programs. In general, about one-half of the funds support state victim compensation programs, which receive 60 percent of their previous year payout of state funds to crime victims; and about one-half of the funds support state victim assistance programs, which receive a base amount grant and a proportional share based on state population.

The William Van Regenmorter Crime Victim's Rights Act-PA 87 of 1985 (M.C.L. 780.751)

The Crime Victim's Rights Act created comprehensive rights of notification and participation in all stages of the criminal justice process for felony crime victims in Michigan. The act was amended in 1988 to include the victims of serious misdemeanors and juvenile offenses. Several amendments improving the implementation and scope of services have since been enacted. The act creates a duty for police agencies, sheriff's departments, prosecuting attorneys, courts, the Michigan Department of Corrections, and other agencies to include the participation of the crime victim in the official conduct of proceedings.

Constitutional Amendment For Crime Victims Rights

Upon legislative approval of House Joint Resolution P, 84th Legislature, and Proposal B by the electorate on November 8, 1988, Article I, Section 23 was added to the Constitution of the State of Michigan. Effective December 24, 1988, the amendment gave constitutional authority for the statutory rights of crime victims, provided legislative authority to enforce victim's rights, and provided legislative authority to assess convicted defendants to pay for crime victim's rights.

The Criminal Assessments Act-PA 196 of 1989 (M.C.L. 780.901)

This act created the Criminal Assessments Commission and the Crime Victim Rights Fund. It authorized courts to order and collect financial assessments from criminal defendants to support the fund, and provided for disbursements from the fund to support crime victim rights services. The Commission was charged with recommending appropriate assessment amounts to support the fund. This act has been amended several times to increase assessment amounts and to increase the number of assessable offenses. Since FY 97-98, this fund has provided 100 percent of state dollars for crime victim services.

PA 519 of 1996 (M.C.L. 18.351)

Created the Crime Victim Services Commission and abolished the Crime Victims Compensation Board. The number of members was increased from three to five, and the Commission was provided unprecedented authority to coordinate state services and funding for victims of crime.

PA 520 of 1996 (M.C.L. 780.901)

Abolished the Criminal Assessments Commission and transferred its powers and duties to the Crime Victim Services Commission.

The S.A.F.E. Response Act-PA 391 OF 2008

Amended P. A. 223 of 1976, and allows victims of sexual assault to obtain a sexual assault forensic examination at no charge to them.
