O	Is the digital scale zero balanced before each weighing (unless scale has reweigh function)?									
O	Is the client weighed wearing only light, indoor clothing, without shoes and the scale covered with disposable paper?									
O	Is measurement repeated until confirming measurements have been obtained? (Within 1/4 lb.) Please note that the individual should NOT be asked to step off the scale between measurements unless indicated by scale.									
O	Are the measurements recorded immediately onto a data sheet for subsequent recording into MI-WIC?									
4.3b	Is measurement performed according to WIC Procedures?									

Michigan Department of Health and Human Services WIC Management Evaluation-Certification

○	If a client is <i>not</i> measured according to procedure, is the “?” box checked and are the measurements recorded along with a note stating the reason?									
	Lab Work (MI-WIC Policy 2.16) See WIC Laboratory Procedure Manual	IFF	NPP	C1	C2,3,4	BE/BP	IBE/IBP	New PG	Other	# Not Met
○	Does all staff wear gloves when collecting blood? (optional: appropriate personal protective equipment -lab coat, gown, scrubs apron)									
	Does staff prepare testing supplies on a fresh drape/tissue for each client?									
○	Is the client or authorized person asked if there is a bleeding problem (hemophilia) or latex allergy (only if latex products used) prior to screening?									
○	Does all staff wash or sanitize their hands before gloving <i>and</i> after removing gloves?									
○	Is there a sink with running water in the lab area or a restroom convenient to the lab area to accommodate frequent hand washing?									
○	Is aseptic technique used to clean the skin of the draw-site before blood is obtained?									
○	Are the first two drops of blood wiped away before a blood specimen is collected?									
○	Is the blood specimen collected without “milking” the puncture site?									
○	Is the authorized person asked to monitor the child if a bandage is applied to prevent choking?									
○,I	Are infants over 7 months of age at initial certification tested?									
0 I	Is a retest performed if the first sample meets the local agency criteria for retesting?									

Michigan Department of Health and Human Services WIC Management Evaluation-Certification

Lab Work (MI-WIC Policy 2.16)		IFF	NPP	C1	C2,3,4	BE/BP	IBE/IBP	New PG	Other	# Not Met
O	Are the date and the result of all hematological tests, including retests, recorded in the Date of Bloodwork field in MI-WIC, in addition to the log requirements specified in the WIC Laboratory Procedure Manual?									
O I	Is referral data (Hct/hgb, measurements) presented at the time of the appointment?									
O I	If referral data is used, was it obtained within the last 6 months for a child or during their pregnancy or post-partum period?									
4.3c	Is the measurement performed according to WIC Procedures?									
Immunizations (MI-WIC Policy 6.03)										
O I 12.1 a	Are all infants and children assessed and assessment documented for current immunization status using MI-WIC or other records? Circle what records are used to assess: MI-WIC MCIR Imms. Card Medical Record									
O I 12.1 b	If the client is not up-to-date with their immunizations, are they referred for update?									
O 12.1c	Does the LA provide the recommended immunization schedule to clients who are not up-to-date or don't have a documented record? Includes MCIR record, verbal or written information. (MI-WIC Policy 6.03) Is the CDC Immunization website on the desktop to provide current recommendations and detailed information? If not, suggest they do.									
O 12.1 e	Are pregnant women informed of the need for flu and third trimester pertussis (Tdap) vaccine for each pregnancy? (MI-WIC Policy 6.03 11/15)									

Michigan Department of Health and Human Services WIC Management Evaluation-Certification

Lead Screening (MI-WIC Policy 6.04)			IFF	NPP	C1	C2,3,4	BE/BP	IBE/IBP	New PG	Other	# Not Met
O	4.3c	Are all children assessed for lead screening? Circle what records are used to assess: MCIR Med. Record MI-WIC									
I	4.3c	If no lead tests have been performed, is the client referred for lead testing?									
I	4.1b	Are clients who are asked to pay for immunization or lead testing during their WIC visit told that refusal will not affect their WIC eligibility?									

Child Evaluation (if applicable)											
	4.3b, c	Does the CPA review the anthropometric and lab screens (including immunization and lead assessment)?									
	4.3a	Does the CPA discuss/complete the Evaluation screen with the client to identify changes in health, eating, and physical activity and client concerns?									
	4.3a	Does the CPA assign risks (as applicable)?									
Risk Assessment (Cert/Recert)											
O	4.3 a,b,c	Is the client screened for all possible risks appropriate for the client's status? (MI-WIC Policy 2.13) Screening includes review of : a. MI-WIC Medical and Nutrition History o Health and Diet Questions screens (MI-WIC Policy 2.14) AND o Manually Assigned Risk (MAR) tool for additional manual risk factors and referrals b. Does the CPA review the growth chart/prenatal grids, verifying gest age and assessing the client's growth? (Review rate of gain/percentiles using WHO/CDC or VLBW growth charts, as appropriate). (MI-WIC Policy 2.15) c. Laboratory tests (MI-WIC Policy 2.16)									
O	4.3a	Does the CPA confirm all medical risks (300 series codes)? (MI-WIC Policy 2.13A)									

Michigan Department of Health and Human Services WIC Management Evaluation-Certification

<input type="radio"/>	4.3a	Are all applicable/appropriate risk criteria assessed and assigned by the CPA? (MI-WIC Policy 2.13A)								
	4.3a	Are “not” applicable risks assigned and the reason documented in the notes section by the CPA? Is the reason documented and according to policy?								
<input type="radio"/>	6.6a	For clients with Class III formulas are they indicated as high risk on the Nut. and Health Summary Screen?								

Eligibility Explanation			IFF	NPP	C1	C2,3,4	BE/BP	IBE/IBP	New PG	Other	# Not Met
<input type="radio"/>	6.3a	Is the client given the eligibility explanation? Example: You are being enrolled in WIC today because WIC's services (food, nutrition education, referrals, breastfeeding support) can help you with your health concerns. WIC food benefits are supplemental and available while the client is enrolled. The food provided is for the client, not the family. (MI-WIC Policy 5.03)									
Client Centered Nutrition Education (MI-WIC Policy 5.01)											
<input type="radio"/>		Does the CPA establish rapport with the client? (Welcome and engagement)									
<input type="radio"/>	6.2a	During assessment, does the CPA identify and explore client concerns? Are clarification questions asked in a caring/collaborative manner? Does CPA note questions and acknowledge that education will follow the completed assessment?									
<input type="radio"/>	6.2b	(existing client) Does the CPA and client discuss previous education; what actions the client tried, plans or questions the client has?									
<input type="radio"/>	6.2c	Is there affirmation/support of client positive changes and progress?									

Michigan Department of Health and Human Services WIC Management Evaluation-Certification

<input type="radio"/> 6.2c	Does the CPA summarize the relevant information from the assessment and concerns identified and ask client what they'd like to work on? For current education, does the CPA and client discuss (a) topics and (b) client behavior changes based on client concerns?									
<input type="radio"/> 6.2c	Are clients without concerns offered anticipatory guidance appropriate for category/age?									
<input type="radio"/> 6.2c	Does the CPA encourage the client to participate in nutrition education and highlight how the nutrition education meets the client's needs? (MI-WIC Policy 5.01, 5.03)									
<input type="radio"/> 6.2d	Does the CPA (with the client) develop and review the NE Plan?									
USDA Mandated Information/Education		IFF	NPP	C1	C2,3,4	BE/BP	IBE/IBP	New PG	Other	# Not Met
<input type="radio"/> 6.3a	Do all WIC staff encourage women to breastfeed or continue breastfeeding?									
<input type="radio"/> 6.2e	Is the Authorized Person offered information on the dangers of using drugs and other harmful substances during pregnancy or parenting? (P.L. 100-690) (Advise verbally, also noted on Nutrition Education Plan) (MI-WIC Policy 5.03)									
<input type="radio"/> 5.1c	Is each new client (including new infants) offered a list of local resources for drug, and other harmful substance abuse counseling, and treatment, where they are located, how they may be obtained and why they may be useful <u>at the initial certification</u> and thereafter, as appropriate? (MI-WIC Policy 6.02)

Michigan Department of Health and Human Services WIC Management Evaluation- Certification

MPR	Quality Assurance	Yes	If No, need Action Plan
	Laboratory Procedures (interview lab staff and review logs) (MI-WIC Policy 2.16)		
4.3c	Copy of the MDHHS/WIC Laboratory Procedure Manual in the WIC Clinic or do staff know how to access from the MDHHS/WIC website? (DCH-476-12/16)		
	Hemocue machine Self-test results (P/F) recorded each day that the machine is used?		
	Hemoglobin analyzer cleaned each day it is used?		
	Are high and low control solutions run each week that the machine is utilized and when a new lot number of Microcuvettes is opened?		
	Control solutions stored in the refrigerator (containing no food) until opened and then used and stored properly, according to manufacturer's directions?		
	Does the quality control log contain a record of the lot number, expiration date and acceptable ranges of the controls used?		
	Microcuvettes dated when they are opened and the vial disposed of 90 days after opening, if unused? (If so, suggest ordering individually wrapped cuvettes)		
	Microcuvettes or control solutions used before their expiration date?		
	Are testing work surfaces decontaminated with germicide (or freshly prepared 10% bleach solution) at the close of each day and anytime there is evidence of contamination?		
	Are QA logs retained for 3 years and 150 days past the end of the fiscal period?		
	Anthropometric Equipment (MI-WIC Policy 2.15)		
4.3b Infant	Is a copy of the Anthropometric Measurement Procedures in the WIC Clinic or do staff know how to access from the MDHHS/WIC website? <i>(If not, suggest they do.)</i> DCH - 0730, revised 10/16		
	Does a recumbent length board have a stable headboard and moveable foot piece?		
	Check the recumbent board for accuracy with the standardized rod. Is the board accurate?		
	Infant scale: Is an approved scale with at least 1 oz. sensitivity used? (If digital scale used, is it a "clinic quality" scale?), Does staff zero-balance the scale at least once daily if the scale requires (balance beam)? Is the digital scale zero balanced between each weighing (unless has reweigh feature)?		
	Infant scale: Has the scale been calibrated within the past 12 months?		
Adult+ child scale	Is an approved scale with at least ¼ pound increments used?		
	Is the scale on a firm surface?		
	Has the scale been calibrated within the past 12 months?		
	Does staff zero-balance the scale at least once daily if the scale requires (balance beam)? Is the digital scale zero balanced between each weighing? (Unless scale has reweigh feature for confirmation).		
	Scales and measurement equipment cleaned on a regular basis?		
	Height board accurate using the standardized rod?		
	Does the measurement board go down far enough so that the small child is measured standing straight and the footboard is aligned with the upper board?		
	Right-angle headboard used? (either separate or part of a fixed board)		
	Firm surface used for standing?
