

**DEPARTMENT OF COMMUNITY HEALTH**

**BUREAU OF EPIDEMIOLOGY**

**DIVISION OF ENVIRONMENTAL AND OCCUPATIONAL  
EPIDEMIOLOGY**

**HEAVY METAL AND PESTICIDE ANALYSIS REPORTING**

(By authority conferred on the director of the department of community health by sections 5111 and 2226(d) of 1978 PA 368, section 8 of 1978 PA 312, and Executive Reorganization Order Nos. 1996-1 and 1997-4, MCL 333.5111, 333.2226(d), 325.78, 330.3101, and 333.26324)

**R 325.61 Definitions.**

Rule 1. (1) As used in these rules:

(a) "Heavy metal analysis report form" means the form used to report the required reportable information for blood and urine that has been analyzed for arsenic, cadmium, or mercury.

(b) "Pesticide poisoning report form" means the form used to report the required reportable information for blood that has been analyzed for acetylcholinesterase or pseudocholesterase.

(c) "Pesticide" means any substance or mixture of substances including inert ingredients and adjuvants used to prevent, destroy, mitigate, or repel any pest. Pesticides include, but are not limited to, insecticides, herbicides, fungicides, rodenticides, repellents, fumigants, wood treatment products, and disinfectants.

(d) "Department" means the Michigan department of community health.

(e) "Physician/provider" means a person who is licensed under Article 15 of the public health code MCL 333.16101 to 333.18838 who provides health care services and who is authorized to request the analysis of blood and urine specimens.

History: 2005 AACCS.

**R 325.62 Reportable information.**

Rule 2. (1) Reportable information is specifically related to blood and urine samples submitted to clinical laboratories for analysis.

(2) Upon initiating a request for analysis of arsenic, cadmium, mercury, acetylcholinesterase, or pseudocholesterase, the physician/provider ordering the analysis shall complete the client

information (section I) and the physician/provider information (section II) of a heavy metal analysis report form or pesticide poisoning report form designated by the department. Or, the physician/provider shall complete a similar form that ensures the inclusion of the same required data and provide all of the following information:

(a) All of the following information with respect to the individual tested:

- (i) Name.
- (ii) Sex, if available.
- (iii) Race, if available.
- (iv) Ethnic group, if available.
- (v) Birthdate or age.
- (vi) Address.
- (vii) Telephone number.
- (viii) If the individual is a minor, then the name of a parent or guardian.
- (ix) If the individual is an adult, then the name and address of his or her employer, if available.

(b) The date the sample was collected.

(3) The heavy metal analysis report form or pesticide poisoning analysis report form, or a document with the same data, shall be submitted with the sample for analysis to a clinical laboratory that performs the analysis.

(4) Upon receipt of the blood or urine sample for analysis, the clinical laboratory shall complete the laboratory information (section III) and provide all of the information required and/or submitted by the physician/provider along with all of the following:

(a) The name, address, and phone number of the laboratory.

(b) The date of analysis.

(c) The results of the analysis. All values, normal and abnormal, shall be reported. For arsenic, blood levels shall be reported in micrograms per milliliter ( $\mu\text{g}/\text{ml}$ ) and urine levels in micrograms per liter ( $\mu\text{g}/\text{L}$ ). For cadmium, blood levels shall be reported as micrograms per liter ( $\mu\text{g}/\text{L}$ ) of whole blood and urine tests shall be reported as micrograms per gram of creatinine ( $\mu\text{g}/\text{gram creatinine}$ ) or micrograms per liter ( $\mu\text{g}/\text{L}$ ). Mercury shall be reported as nanograms per milliliter of blood ( $\text{ng}/\text{ml}$ ) and micrograms per liter ( $\mu\text{g}/\text{L}$ ) of urine. Acetylcholinesterase shall be reported as units per gram of hemoglobin (U/g hemoglobin), and the laboratory normal range shall be included. Pseudocholesterase levels shall be reported as units per liter (U/L) of plasma, and the laboratory normal range shall be included. Alternate units will be accepted for reporting purposes, as approved by the department.

History: 2005 AACCS.

### **R 325.63 Reporting responsibilities.**

Rule 3. (1) All clinical laboratories doing business in this state that analyze blood or urine samples for arsenic, cadmium, mercury, acetylcholinesterase, or pseudocholesterase shall report all results to the department of community health, bureau of epidemiology, division of occupational and environmental epidemiology, 3423 N. Martin Luther King Jr. Blvd., Lansing, MI 48909. Reports shall be made within 5 working days after test completion.

(2) Nothing in this rule shall be construed to relieve a laboratory from reporting results of a blood or urine analysis for arsenic, cadmium, mercury, acetylcholinesterase, or pseudocholesterase to the physician or other health care provider who ordered the test or to any other entity as required by state, federal, or local statutes or regulations or in accordance with accepted standard of practice, except

that reporting in compliance with this rule satisfies the reporting requirements of 1978 PA 368, MCL 333.1101.

History: 2005 AACCS.

**R 325.64 Electronic communications.**

Rule 4. (1) A clinical laboratory may submit the data required in R 325.62 electronically to the department.

(2) For electronic reporting, upon mutual agreement between the reporting laboratory and the department, the reporting shall utilize the data format specifications provided by the department.

History: 2005 AACCS.

**R 325.65 Investigation and quality assurance.**

Rule 5. (1) The department, upon receiving a report under R 325.63 may investigate to determine the accuracy of the report, patient's source of exposure, and adverse health effects resulting from the exposure.

(2) Requests for individual medical and epidemiologic information to validate the completeness and accuracy of reporting are specifically authorized.

(3) The copies of the medical records shall not be recopied by the department and shall be kept in a locked file cabinet when not in use.

(4) Reports may be released to other state, local, or federal agencies for those agencies to administer and enforce provisions of laws or rules to protect individuals from exposure to hazardous levels of arsenic, mercury, cadmium, or pesticides. Confidential information may be released to another governmental agency only after execution of a signed interagency agreement assuring that the other agency will abide by the confidentiality requirements of R 325.66.

(5) Nothing in this rule shall be construed to relieve or preempt any other entities from investigating hazards associated with these substances under state, federal, or local statutes or regulations.

History: 2005 AACCS.

**R 325.66 Confidentiality of reports.**

Rule 6. (1) Reports submitted to the department under R 325.63 are not public records and are exempt from disclosure pursuant to the freedom of information act, 1976 PA 442, MCL 15.243, section 13(1)(d).

(2) The department shall maintain the confidentiality of all reports of all tests submitted to the department and shall not release reports or any information that may be used to directly link the information to a particular individual, unless the department has received written consent from the individual, or from the individual's parent or legal guardian, requesting the release of information.

(3) Medical and epidemiological information that is released to a legislative body shall not contain information that identifies a specific individual. Aggregate epidemiological information concerning the public health that is released to the public for informational purposes only shall not contain information that identifies a specific individual.

History: 2005 AACCS.

**R 325.67 Heavy metal analysis report form.**

Rule 7. The heavy metal analysis report form reads as follows:

MICHIGAN DEPARTMENT OF COMMUNITY HEALTH  
HEAVY METAL ANALYSIS REPORT  
DATA/INFORMATION REQUIRED BY ADMINISTRATIVE RULE R 325.62

I. CLIENT INFORMATION

Last name First name M.I.

Sex (M/F) Race (White/Black/Asian/Pacific Islander/American Indian/Alaskan/mixed)

Ethnicity (Hispanic Y/N) Birth date or age Phone number

Street address City State/Zip Code/County

Name of parent or guardian if individual is a minor

Employer name (if adult)

Employer street address City State/Zip Code

II. PHYSICIAN/PROVIDER INFORMATION

( )  
Provider last name First name Phone number

Provider street address City State/Zip Code

III. LABORATORY INFORMATION

( )  
Name of testing laboratory Phone number

Laboratory street address City State/Zip Code

Date sample taken Date sample analyzed

Results

Sample	Arsenic	Cadmium	
Mercury			
Blood	µg/ml	µg/L	ng/ml
Urine	µg/L	µg/gram creatinine	µg/L
