

WIC Breastfeeding Warmline

Call (833) MIWICBF / (833) 649-4223

Available 7 days/week
8 a.m. – 8 p.m.

During this uncertain time, it is extremely important that families continue to receive breastfeeding support. A Breastfeeding Warmline is available to assist all pregnant and breastfeeding families during the COVID-19 Pandemic. You can use this warmline even if you are not a WIC client! If you are a WIC client and cannot reach your peer counselor, call the warm line for immediate assistance.

Calls will be answered by Erica Davis, our Community Breastfeeding Liaison. Erica has been trained as a lactation educator and certified lactation counselor (CLC). She has worked as both a breastfeeding peer counselor and a certified community health worker.
