**This version replaces prior versions of CI 20-064.**

In collaboration with the Medical Advisory Committee, the Children's Services Agency has revised the Statewide Child Abuse Medical Expert contact list in response to COVID-19. The list provides names and contact information for child abuse pediatricians (CAP) and medical experts throughout the state who can assist with medical assessments and, in some cases, provide guidance to caseworkers responding to suspected child abuse and/or neglect.

The list has been updated to note practice changes related to COVID-19 in red.
