When a child first enters foster care, the caregivers (whether licensed foster parents or relatives) receive numerous pieces of information from various sources. At times, it may feel a bit overwhelming. The guidelines provided here will serve as quick reminder of:

- Required health care needs for foster children.
- Behavioral or mental health services.
- Caregiver tips for scheduling and facilitating appointments.

**Keep in Mind**

It is important that birth parents be included in doctor appointments. Ask your caseworker to provide guidelines for the child in your care.

<th>Health Requirements for Foster Children</th>
<th>Behavioral/Mental Health Services</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>All Children</strong></td>
<td>At times, children in foster care may benefit from professional counseling services/therapy. The starting point for behavioral or mental health services is the child’s Medicaid Health Plan. When calling to schedule an appointment for mental health/behavioral health services, make note of the following:</td>
</tr>
<tr>
<td>• Entering foster care must have an initial comprehensive medical examination within 30 days from the date the child first came into foster care (regardless of the date of his/her last medical exam). This comprehensive medical exam is known as an EPSDT or Well-Child Exam.</td>
<td>• Identify yourself as the foster parent to the child (regardless if you are related to the child.)</td>
</tr>
<tr>
<td>• Ages 3 through 20 years require yearly medical exams (EPSDT or Well-Child Exam).</td>
<td>• Be specific about your concerns with the child (issues with behavior, mood, sleep patterns, nightmares, bed wetting etc.)</td>
</tr>
<tr>
<td>• Under 3 years of age require more frequent medical exams.</td>
<td>• Provide information about the medications the child is currently taking, including dosage.</td>
</tr>
<tr>
<td>• Ages 3 and older require a dental examination within 90 days of entering foster care unless the child had a dental exam within six months prior to the date.</td>
<td>• Be specific about the reason for the appointment (assessment for services, counseling appointment.)</td>
</tr>
<tr>
<td><strong>Foster parent or relative caregiver responsibility:</strong></td>
<td>• Ensure that you have the child’s insurance card and Medicaid identification number available during the call to provide any requested information.</td>
</tr>
<tr>
<td>• Arrange for the medical and dental appointments within the noted timeframes.</td>
<td><strong>Additional Information:</strong></td>
</tr>
<tr>
<td>• Inform the doctor/dentist office that the child is in foster care when making the appointment.</td>
<td>• Birth parents should be involved in all mental health appointments.</td>
</tr>
<tr>
<td>• Provide your foster care worker with the appointment date for the child’s records.</td>
<td>• Contact the foster care worker regarding any/all appointment dates and times or if you have any problems in scheduling the appointment.</td>
</tr>
<tr>
<td>• Contact the foster care worker immediately if there is an issue in scheduling or keeping the appointment.</td>
<td>• Foster parents and relative caregivers cannot provide consent for psychotropic medication.</td>
</tr>
</tbody>
</table>

When going to a medical or therapy appointment, make sure to bring:

- Child’s medications.
- Child’s insurance cards.
- DHS-3762 Consent to Routine, Non-Surgical Medical Care and Emergency Medical/Surgical Treatment card.
- Well Child/EPSDT form, needed for the initial, periodic or yearly medical exams.
Items Required for Foster Parent/Relative Caregiver

In order to access health care for the foster child the following items are needed and are to be provided by the foster care worker:

- Date child entered foster care, which may or may not be the date the child was placed in your home.
- Name of the child’s Medicaid Health Plan (Medicaid’s managed health care program.)
- Name and phone number of the child’s primary care physician provided the child has a family doctor. If not, the child must obtain the medical examination through a physician within his/her specific Medicaid Health Plan.
- DHS-3762, Consent to Routine, Non-Surgical Medical Care and Emergency Medical/Surgical Treatment card.
- Mihealth card (Medicaid card) and MHP member ID card, if available. If not, the worker will provide the child’s Medicaid recipient ID number.
- Well Child Exam/EPSDT form. If the foster parent or relative caregiver is not able to provide responses to the ‘parent’ statements found on page 2, Developmental Surveillance, the foster care worker should provide the birth parent’s responses prior to the child’s medical exam appointment.

Contact your foster care worker if you are missing any of the above items.

Information for Behavioral/Mental Health Services

- Mental health care can be for an assessment, counseling and/or medications.
- Mental health medications or psychotropic medications can be recommended and prescribed by psychiatrists and by primary care physicians.
- Foster parents and relative caregivers can consent for counseling but not for mental health medication.
- **Temporary court ward:** If the foster child is on medication or, if medication is considered during mental health care, a birth parent must be involved to provide consent.
- **State ward:** If the foster child is on medication or, if medication is considered during mental health care, the supervising agency must be involved to provide consent.
- **Permanent court ward:** If the foster child is on medication or, if medication is considered during mental health care, the court must be involved to provide consent.

Examples of a phone call to schedule the foster child’s appointment including the needed information:

Foster Parent/Relative Caregiver: “Hello, I would like to make an appointment for a physical exam for my foster child, **(supply child’s name)**. He/she came into foster care on **(give date child entered foster care)** and needs a full well child physical exam before **(30 days from the date child entered foster care)**. His/her Medicaid coverage is through **(name of Medicaid Health Plan)** and the Medicaid recipient ID number is **(provide Medicaid ID number)**.”

Foster Parent/Relative Caregiver: “I am the foster parent of Johnny Smith. I am calling to schedule an appointment for Johnny to be assessed for services. I am concerned with his behavior as he is having a lot of trouble sleeping, calming down to go to sleep at night, and he isn’t sleeping through the night. During the day, he is acting out toward other kids and adults and has started to punch/hit/kick when he gets frustrated. Johnny has McLaren health insurance **(Medicaid Health Plan)**. He currently takes Concerta, 54 mg. in the morning.”
