ACTION ITEMS

CHIRs

- December Collective Impact TA Presentation Pre-Survey:** To ensure the TA presentation is beneficial to your CHIR, please respond to this [survey](#) by 12/12/2016.
- December 19th CHIR Cohort Collaboration Call** – The agenda includes time for each CHIR to discuss its plan for Clinical-Community Linkages. Each CHIR will have 10 minutes to provide an overview of their model followed by group discussion at the end. Please prepare a few slides answering the following questions and send to CHIR@mail.mihealth.org by 12/15/2016: 1.) In what settings will social needs screening be implemented in your community? 2.) What specific IT platform are you using or planning to use for social service navigation/care coordination? 3.) What type of staff will provide the community care coordination? What protocols will they use? 4.) What data do you plan to share from the care coordination platform with other (clinical and community) systems and do you know how this will be accomplished?
- Communications/SharePoint Access** – To ensure that we have the appropriate participants included in main communications (emails, meeting requests) and access to SharePoint (up to 5 users) for CHIRs, please complete this [form](#) by 12/16/2016 and send to CHIR@mail.mihealth.org.
- Local Operations Plan Draft Review Onsite Visits** – Please complete the following [Survey](#) by 12/16/2016 indicating the CHIRs availability for a 1 day site visit to review the draft Local Operations Plan submission. Please submit only 1 response for all participants in your Region.
- Local Operations Plan** – A draft Local Operations Plan must be submitted by 01/15/2017 to CHIR@mail.mihealth.org.

State SIM CHIR Team

- Schedule Onsite Visits** – The State SIM CHIR Team will work with each CHIR to schedule an onsite visit for the end of January/early February to review the draft Local Operations Plan. Communications will be sent out following completion of date selection.
- FAQs** – The State SIM CHIR Team will develop and post to the All CHIR folder on SharePoint a FAQ document. This will be updated frequently.
- Regional PCMH Data** – CHIR specific PCMH data will be posted to each CHIR SharePoint folder in December. A communication will be sent out about these data and availability and discuss at the next cohort call.
- CHIR Technical Assistance Topics** – The State SIM CHIR Team will provide a list of TA topics to help CHIRs identify appropriate member attendance based on the topic area. A communication will be sent out soon.
- Individual CHIR Requests** – The State SIM CHIR Team is working through requests that are being sent. Action items that pertain to all CHIRs will be communicated through the newsletter. Individual CHIR requests will only be communicated through email to that CHIR and will not be listed in this section.

NEWS

- **Patient Experience Survey** – Originally the participation guide required each CHIR to design and administer a patient experience survey. However, MDHHS and the evaluators determined that responsibility for developing and administering the patient experience

survey will now be at the State evaluator level. Regions are no longer responsible for developing or identifying how to administer the survey in their region.

Resources

- **SharePoint** – The State SIM CHIR Team has added folders and documents to the All CHIR Folder on SharePoint to provide you with resources as they are identified. If there are resources you would like to share with all CHIRs, please send to CHIR@mail.mihealth.org.
 - **11/20/2016 CHIR PCMH TA Presentation** – The presentation has been added to SharePoint and can found [here](#).
