PROJECT FINAL REPORT

DUE DATE: September 30, 2021

Project Title:

Project Contact Name:

Project Contact Email:

Date:

Instructions

1. Please complete all sections of the report. If you are reporting on more than one project, please submit a separate form for each project. Blank copies of the report form can be found at www.michigan.gov/traumasystem.
2. Limit total report to no more than three 8 ½ x 11 pages, single spaced, using a 12 point font.
3. Submit your completed report form electronically to the Regional Medical Control Authority no later than September 30, 2021.

Narrative

1. Overview
Please provide a brief overview of your project.
2. Project Results
Please describe the general results of the project, including where the project results achieved the objectives identified as expected, and where they did not, include possible reasons.

3. Challenges, Barriers, and Lessons Learned

Were there any significant challenges encountered to date? What barriers, if any, have you encountered? What were some of the strategies used to address those barriers and challenges? Are there any lessons learned to report at this time? Success Stories to share? Sustainability considered going forward?

4. Timeline

Was the project able to meet goals and objectives described in your work plan by September 30th? If not, why?

5. Additional Comments

Is there anything else you would like to include in this report?

Budget

Describe project costs to date, indicating if costs are on track with estimates submitted.
