1.0 General Report Overview

Pursuant to Subsection 7.1 – Local Obligation of Part II, Section 7.0 – Contract Financing of the current MDHHS/CMHSP Managed Mental Health Supports and Services Contract (contract), the Community Mental Health Services program (CMHSP) has to provide the local financial obligation for services requiring local match, as stipulated by the Michigan Mental Health Code (MHC). Subsection 7.2 – Revenue Sources for Local Obligation of Part II, Section 7.0 – Contract Financing of the MDHHS/CMHSP master contract describes several potential revenue sources for fulfilling the CMHSP’s local obligation.

As set forth in Subsection 7.2.1 – County Appropriations of the MDHHS/CMHSP master contract, county appropriations are a primary revenue source for the CMHSP’s local obligation; such county appropriations must meet the requirements of the applicable Chapters of the Michigan MHC.

As described in Subsection 7.2.4 – Special Fund Account of the MDHHS/CMHSP master contract, special revenue funds consistent with the requirements of Section 330.1226a (226a) – Board; special fund account of the Michigan MHC are also a revenue source for the CMHSP’s local obligation. Section 226a of Chapter 2 of the Michigan MHC (effective March 28, 1996) reads as follows:

“Section 226a. A community mental health services program board may create a special fund account to receive recipient funds and third-party reimbursements for services rendered. In the case of a community mental health agency, approval of the board of commissioners of each participating county is necessary before creation of the special fund account. Receipts into the fund shall be recorded by source of payment and by type of service rendered, and a report regarding this information shall be submitted on a quarterly basis to the department. Money in the special fund account shall be used only for matching state funds or for the provision of community mental health services.”

When a CMHSP annually participates as a “Section 226a special fund account” CMHSP, the annual general fund appropriation from each county has to fulfill the statutory requirements set forth in Section 330.1311 (311) of Chapter 3 of the Michigan MHC. Said Section 311 reads as follows:

“Section 311. For those county community mental health boards that choose to create a special fund account pursuant to section 226a, the department shall not approve a budget under section 232 unless county funding for community mental health programs is provided at a dollar level at least equal to that made available to the county community mental health board in the fiscal year ending September 30, 1980.”

Said Section 311 of Chapter 3 of the Michigan MHC constitutes a statutory “maintenance of effort” requirement whereby the MDHHS shall not approve a contract budget of a participating CMHSP unless each county’s annual funding of the CMHSP is provided at a dollar level at least equal to that made available to the CMHSP board in the fiscal year ending September 30, 1980.

The current Section 226a of Chapter 2 of the Michigan MHC is a statutory revision (effective March 28, 1996); Chapter 2 of the Michigan MHC originally was amended by Act 423 of the Public Acts of 1980 to include a “Section 226a” pertaining to a special fund account and its statutory requirements. In effect, the purpose of Section 226a of Chapter 2 of the Michigan MHC has been to establish a revenue source (aside from county appropriations and other revenue sources) for a participating CMHSP to fulfill the local obligation under the MDHHS/CMHSP master contract.
