March 2018**

## I. Terminologies and Definitions

### **Passive Eligibility:**

Individuals who meet the full criteria to be passively enrolled into MI Health Link Program

### **Enrollment:**

Individuals currently enrolled in MI Health Link

### **Passive Enrollment:**

An enrollment process where an eligible person is enrolled by the Michigan Department of Health and Human Services (MDHHS), or its vendor Michigan ENROLLS, into an Integrated Care Organization (ICO), also known as a 'health plan', following a minimum 60-day advance notification. Eligible individuals are automatically enrolled if they do not choose to cancel their enrollment.

- PACE, MI Choice, and MI Care Team participants, as well as people with union or employer sponsored retirement plans, and those identified as Native American, Alaskan, or migrant are not eligible for passive enrollment, however they can choose to enroll in MI Health Link voluntarily.

### **Voluntary disenrollment:**

People who were enrolled in MI Health Link in a previous month who are no longer enrolled in a current month. They are still MI Health Link eligible (Full Medicaid, Medicare, no hospice, lives in the demo regions, etc.)

### **Involuntary disenrollment:**

People who were enrolled in MI Health Link in a previous month who are no longer enrolled in a current month. They are NOT eligible in a current month (moved out of area, death, but most likely due to loss of MA eligibility). People who are deemed are NOT included in involuntary disenrollment.

## I. Terminologies and Definitions Continued

### Deeming:

When a beneficiary loses full Medicaid eligibility, but does not regain lessor Medicaid coverage, they move to a deemed status for up to 3 months before losing MI Health Link coverage. They will continue to receive Medicare and Medicaid services through their MI Health Link health plan during the deeming period. If the beneficiary does not regain full Medicaid eligibility by the end of the deeming period, they will be disenrolled.
