

## **MDRC Outreach Specialists for MI Health Link**

The Michigan Department of Health and Human Services contracts with the Michigan Disability Rights Coalition (MDRC) to conduct outreach and education activities for the MI Health Link program to beneficiaries including those residing in licensed settings. Nursing Facilities, Homes for the Aged, and Adult Foster Care homes may be contacted by an Outreach Specialist to arrange an on-site visit to offer information to beneficiaries about the MI Health Link program. We are making the list of MDRC Outreach Specialists available for facility staff to better identify these specialists.

Each Outreach Specialist, whether an MDRC employee or a sub-contractor, has had a background check conducted recently. All Outreach Specialists wear picture identification.
