Clients can use MI Bridges to submit assistance applications. MI Bridges combines five MDHHS programs into one application:

- Healthcare Coverage
- Food Assistance Program (FAP)
- Cash Assistance (Family Independence Program (FIP) (This includes: Refugee Cash Assistance (RCA) and Temporary Assistance for Needy Families (TANF)
- Child Development and Care (CDC)
- State Emergency Relief (SER)

The MI Bridges assistance application varies in length, depending on what programs the client is applying for, as clients are only asked questions related to the programs that they are requesting. The application begins with a core application, followed by supplemental questions specific to only the programs the client is requesting. The core application asks questions that are common to all programs.

- Throughout the application, a navigation pane displays on the left of the page. As the client progresses through the application this green bar will change to highlight the section the client is currently focusing on. Clients can also use this navigation pane to revisit sections of the application they have already completed. They cannot navigate to sections that have not been haven't completed. **Important Note:** Clients can return to the program selection page at any time to add or remove programs that they want to apply for.

- Clients can have one *In Progress* application at a time. A client can stop and return to complete the application at a later date. If a client has an *In Progress* application and clicks Apply for Benefits, the *Resume Previous Application?* pop-up displays.
