Begin Community Partner Agency Registration

As a Lead Point of Contact (LPOC) you will register your organization in MI Bridges. Prior to beginning registration in MI Bridges, there are some important tips and information you should know.

📌	**Tip:** Prior to beginning the registration process, it is helpful to complete the below steps, so you have all the information needed to register your organization in MI Bridges. 1. Determine if your organization will serve as a Navigation, Referral, or Access Partner – or any combination of the three! More details on expectations and benefits for each partner type can be found here on the MI Bridges Community Partners Website (www.michigan.gov/mibridgespartners). 2. Confirm your organization is registered with Michigan 2-1-1 and that your agency's information in the 2-1-1 database is accurate. 3. Document all organization locations that will serve clients, the address of the location, and the type of partners who will reside at that location. 4. Create a list of staff who will serve as MI Bridges partners, including their first name, last name, partner type, and email address. This list can also serve as a guide to registering staff for training.
📌	**Referral Partners Only:** When registering your organization in MI Bridges, your information must match the information in Michigan 2-1-1. It is recommended to proactively review your organization's record in Michigan 2-1-1 prior to beginning MI Bridges registration. This way the information in 2-1-1 can be matched to the record in MI Bridges. For instructions on how to find and update your MI 2-1-1 record, please click here. **Tip:** When searching for an organization using the www.mi211.org "Search Resource Database" functionality, search results for organizations with multiple locations generally display both the name of the organization as a whole and the name associated with a specific site. In example 1 below, the search result for "Capital Area Community Services" is the record of the organization (the main/primary location). In example 2, "Capital Area Community Services – Lansing Service Center" is the name of a site that is part of the organization. **Example 1** **CAPITAL AREA COMMUNITY SERVICES** 101 East Willow Street (517) 482-1504 Main Head Start view Ingham County Lansing, MI 48906 (517) 482-6281 Main map http://www.cacs-inc.org
