

Michigan State Health Assessment 2019

10.30.19

Agenda for Monday 11.4.19?

DM will provide notetaking in Essentials Services 5 and 7 with Lauren LaPine

Jessie provided calendar updates and dates. Additional funding is secured through 9.30.20 with the bulk to be spend by 1.30.20. Jean Ingersoll will be engaged in SHA meetings and project. Health Status assessment 10.21.19; Themes and Strengths 10.29.19. Good participation and buy-in.

PH System Assessment Nov 4, 2019. Jessie will send meeting reminder.

Discussed facilitation plan. Intro; 5 am breakouts, 5 pm breakouts to cover the 10 Essential Services. Julia discussed the ambiguity in this assessment. It will be important to support and reinforce and let participants know it is ok not to know everything. There are 60 people signed up. JJ will pull list tomorrow from the survey.

Meeting of State Health Status – see handout from 10.21.19. Jennifer and Allie: cannot pull everything. Pull the possibilities and gaps, what we have data sources for and the realistic capacity.

Jessie will look at the SIM data to determine its helpfulness.

Jessie will send meeting invite for a meeting to finish indicators. Possible for Nov 12.

Emergency monies for emergency care – pharmacies.

Grandparents raising children

Self-reported health data

Single family – father involvement

ACES: Support questions, data source; financial support; big brother/big sister data

Transportation: rural. Uber or lift not accessible

Gather a lit of all data sets that MDHHS has. Data sets came out of 10.29.19 meeting vs qualitative data.

BRFS – indicators and data sets. What can we do with the data? What's our capacity to break down as far as the committee wants it?

Violent Crime rate indicator

Health Equity status Reports/Racism on health outcomes – PRAMS surveys; Racism – stress-chronic diseases

Jennifer requested that data sources be sent over via email.

Aging populations: handicap permits; RX usage; availability of service animals; meals on wheels

Infant mortality

Men and men of color are lost in public health

Opioids – black – increase in death rates
 Questioning needs to include men
 Green space
 Align with bureau: communicable disease program
 Environmental health
 Well water testing – private labs, no requirements
 Septic systems – no statewide codes
 Policies – smoke free air policies
