Why Should I Participate?

People living with HIV/AIDS, HIV prevention community planning groups, Ryan White Care Act planning councils, providers of HIV Care and other policy makers can use the information gathered from MMP to help make health funding and policy decisions.

For more information go to:
www.michigan.gov/medmonitor
or

About MMP

All participants receive a $75 Visa giftcard for agreeing to complete survey and have their medical records reviewed.

MMP aims to provide a deeper understanding of the health related experiences of people living with HIV/AIDS in the U.S.

All personal and health care information collected during the project is kept secure and confidential.

There are 23 project areas involved in MMP including: California; Chicago, IL; Delaware; Florida; Georgia; Houston, TX; Illinois; Indiana; Los Angeles, CA; Michigan; Mississippi; New Jersey; New York; New York City, NY; North Carolina; Oregon; Pennsylvania; Philadelphia, PA; Puerto Rico; San Francisco, CA; Texas; Virginia; and Washington.

Previous MMP Participants Have Said...

“Awesome experience…very interesting questions!”

“I thank you all for taking the time to interview me and address the concerns that I have about being HIV positive.”

“My interviewer was both professional and friendly and conducted the interview in a very timely manner. I felt very at ease.”

“Interaction with MMP was a positive experience.”

How Can You Help?

If you are contacted by MMP, agree to participate. Encourage others to participate.

Selected persons are representatives for other people who were not selected to participate.

Maximum participation will increase the likelihood of obtaining information that is truly representative of patients in care for HIV.

Only 400 people are selected each year and those who refuse participation are unable to be replaced. If you have not been selected to participate this year, you may be selected next year.

Everyone’s Participation is Essential!

1 hour of your time can make a timeless difference.
