   • The meeting will be held in San Diego, CA on September 25 - 27, 2017, with Roy Yaple in attendance.
VI. Office of Auditor General (OAG) interstate audit update by Roy Yaple.
- The audit process is continuing with work on finalizing draft findings.
- MDHHS is currently waiting on a final report from the OAG regarding findings.
- Questions at the end of the update included:
  i. Were preliminary findings shared with MDHHS?
  ii. Did the audit reveal anything concerning?

Follow-up discussion revealed that, although preliminary findings were shared with MDHHS, details are confidential and cannot be discussed at this time.

VII. Presentation of the ICJ rule proposals for September Annual Business Meeting by Roy Yaple.
- Rule proposals have been released by National ICJ to the public.
- Many proposals involve the reorganization of existing rules and/or the rewording of current rule language.
- Three proposals directly affect the transfer of supervision process, specifically relating to supervision during the home study process.
- Proposals would make the receiving state responsible for supervision as soon as the referral has been submitted.
- Questions at the end of the presentation included:
  i. How many states receive more ICJ cases than they send out?
  ii. In Rule 4-103, do the proposed language changes create a discrepancy in section B and D?
  iii. Are proposed changes regarding the transfer process coming from a specific region and not the Rules Committee?
  iv. Does Michigan statute cover rules changes enacted after the Statute?

Follow-up discussion revealed that it is not readily known how many states receive more incoming cases than they send out. This information could be tracked and reviewed at a later date, if desired. After discussion about Rule 4-103, it was decided that the wording within the proposed changes could be clearer but a conflict does not exist in section B and D. The proposed changes regarding the supervision transfer process are indeed coming from a specific region and were not recommended for approval by the ICJ Rules Committee. Roy Yaple will send the council an update after attending the Annual Meeting to inform members of the results of the proposed rule changes. A review of the Michigan statute revealed that the language includes provisions for rule changes enacted after the statute.
VIII. Presentation of the ICJ Compliance Committee Sanctioning Guidelines draft by Roy Yaple.
- Sanctioning guidelines includes a matrix of proposed sanctions for states found to be in serious or consistent violation of the compact.
- Sanctions include provisions for monetary fines.
- Sanctions are designed to address very serious violations of the compact and would only be enforced after other solutions had been used and were not successful.
- Guidelines and Matrix are the result of over 15 months of work by the Compliance Committee.
- The draft will now move to the ICJ Executive Committee for review and finalization.
