**1. Welcome & Introductions**

Kelli welcomed everyone. Everyone introduced themselves on the phone.

**2. Minutes** – Motion to approve and a second to approve. Minutes approved.

**3. Provider Update**

**Macomb** – Slowed down since all programs in schools. They get a few through telehealth. Site review is the 21<sup>st</sup>.

**Catholic Human Services (CHS)** – Scheduled Site review on Wednesday. Very small numbers of referrals from the impact from COVID. They have a new Judge which has changed some things.

**Assured Family Services** – Judy – Nothing has changed since last month. She was not able to attend the Site Review yesterday and wondered if we had any questions. Will meet with Judy later and update her.

**Great Lakes** – Not a lot has changed. Did site review on Tuesday which was awesome. COVID has slowed the referrals down. Seeking safety has taken off with this group of kids so they were able to watch how it was going with a small group of kids. Doing better with getting follow ups because kids are not in school.

**Wedgewood** – Site Review this week. Working on getting more referrals.

Many are seeing a benefit to doing telehealth with the kids because they seem to embrace doing it this way. Hoping in the future we will do face to face in combination with technology.

Brooke shared that she has been doing a Q & A sheet from the site reviews we have done so far and will share when it is complete.

4. **Global Appraisal of Individual Needs (GAIN) Progress** – Anthony has a training set up for Macomb and Wedgewood.
5. **Peer Recovery and Families Against Narcotics (FAN)** – FAN has not had any face to face meetings. Submitted to hire and will be interviewing for that position .
6. **Curriculum** – The curriculum has been sent out for feedback and any feedback would be appreciated.
7. **Monthly Reporting – Brooke**  
All site review surveys in. Monthly survey for June is due today.
8. **EGRAMS** – No issues or questions currently.
9. **Government Performance and Results Act (GPRA) Updates – Brooke**  
Started templates for monthly and quarterly and put them in a report. Attached to meeting agenda. It is a 7-page report with statewide data and individual data. Everyone is doing well with follow ups but nine (9) due in August and two (2) in July. Send feedback of what everyone thinks of the report.
10. **Site Review Updates** – Met with Assured Family Services, Wedgewood, Great Lakes so far and they are going very well. Questions that did not anticipate which is good. We are getting a lot of staffing grants and/or modifier questions. We are going to have a TA or something after all of this because there has been much confusion. Trying to figure out what would be most sufficient for everyone. Three site reviews next week and then will be done. They have been lasting one (1) to one and a half (1 1/2) hours. Prepaid Inpatient Health Plans participated in the first 30 minutes.
11. **Future Updates – no updates**
12. **Trainings** – People currently in GAIN training. There is a current interest for Motivational Interviewing. Looking into doing this virtually. Look into a Virtual Provider collaborative.
