Medicaid & HMP Contract Reconciliation and Cash Settlement – June 2019		1 of 12

1.0 General Report Overview

Effective October 1, 2017, the Michigan Department of Health and Human Services (MDHHS) has modified the functionality of the Financial Status Report (FSR) bundle. The modification to the FSR bundle is designed to increase reporting efficiency for the Community Mental Health Service Programs (CMHSP) and the Prepaid Inpatient Health Plan (PIHP) Regional Entities. The FSR bundle will now allow FSR reporting specific to the needs of the reporting board. There are three FSR report types; CMHSP (Non-Medicaid reporting), PIHP (Medicaid/Affiliate CMHSP reporting) and Stand Alone (Detroit-Wayne, Oakland, Macomb). The selected FSR will only display the applicable report tabs, columns and rows.

Please note that the report tabs, columns and rows that are not applicable are hidden or relabeled to condense the FSR bundle. Additionally, the financial reporting instructions for each form within the FSR bundle have not been modified. All column, row, cell and formula references remain intact and should only be considered if applicable to the selected FSR.

The Medicaid & HMP Contract Reconciliation and Cash Settlement (CRCS) worksheet provides a mechanism to close out the financial components of the Medicaid Managed Specialty Supports and Services Concurrent 1915(b)/(c) Waiver Contract (contract). The worksheet will be used in evaluating any remaining financial obligations due to the Prepaid Inpatient Health Plan (PIHP) or the Michigan Department of Health and Human Services (MDHHS). The financial information reflected in the report should represent revenue and expenditures on an accrual basis of accounting through the fiscal year (FY) ending September 30th and recorded as specified in the contract.

The CRCS worksheet will be utilized in tandem with the Medicaid Contract Settlement Worksheet. The Medicaid Contract Settlement Worksheet will be utilized to identify the specialty managed care capitation payments (1915(b)/(c) and Healthy Michigan) received by the PIHP, if a forced lapse exists, the maximum Medicaid savings / Medicaid lapse and verification that prior year Medicaid savings has been utilized or has approval from the MDHHS to utilize in a future fiscal year. Please refer to the instructions for the Medicaid Contract Settlement Worksheet for further details.

The CRCS worksheet summarizes the resources and expenditures associated to the contract, the disposition of funding (surplus/deficit) and the cash settlement of the contract.

2.0 Report - Due Dates

5.5 Section 4.1 Medicaid Savings Transferred To / From

Due to the reorganization of the PIHPs which created Regional Authorities effective January 1, 2014, the number of PIHPs that MDHHS contracts with for the provision of services authorized in the Medicaid Managed Supports and Services Concurrent Waiver Programs Contract decreased from 18 PIHPs to 10 Regional Authorities / PIHPs.
