This survey is for providers who are not currently providing services to HCBS participants or for existing providers within the PIHP who are opening new settings or adding services to their array.

Providers and Individuals will receive the comprehensive HCBS survey *within 90 days* of an individual's IPOS. The provider *must* complete this survey in order to maintain the ability to provide HCBS services. Failure to complete the provisional approval process or the ongoing approval process *will* result in the suspension of the provider's ability to provide HCBS services.
