This guide serves as a reference for migrant farmworkers about driving safely and Michigan traffic laws. The guide does not include every Michigan traffic law. It is meant as a resource to provide greater understanding by the migrant community and increase safety on the roads.

Safety of Passengers

Seat Belts

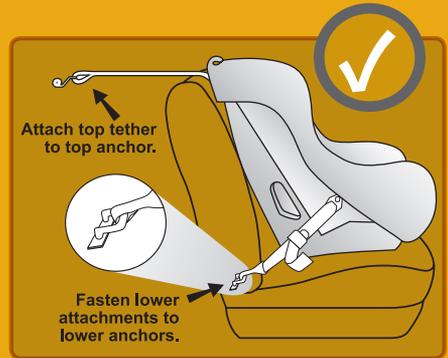

- Drivers, front seat passengers, and all passengers age 15 and younger must wear seat belts.
- Police may pull over a vehicle if the driver or passengers are not using seat belts.
- Seat belts keep you in the vehicle which reduces the risk of serious injury or death in a crash.
 - » Air bags are designed to work with seat belts.

Children in Vehicles

- Children are required to use a car seat or booster seat until at least age 8 or 4'9" (144.78 cm) tall.
 - » Children do not fit in seat belts and need car seats to protect them.
- A baby is not safe being held in someone's arms, even when nursing. The force of a crash will throw the baby and can result in serious injury or death.
 - » Babies should be in a rear-facing car seat until at least age 2 and then use a car seat with a harness until about age 5 after which a booster seat is needed.
- Car seats should not be used if:
 - » Involved in a crash.
 - » Past the expiration date.
 - » Purchased at garage sales or second-hand stores.
 - » Second-hand unless history is known.

Heatstroke

- Never leave anyone, especially a child, elderly person, or pet, alone in a vehicle.
 - » A hot vehicle can cause severe injury or death and could result in arrest or jail time for the driver.
- In 10 minutes, a vehicle's temperature can rise more than 20°F (11°C).
- Even in 60°F (15.5°C) weather, the temperature inside the vehicle can reach 110°F (43.3°C).

Bed of the Truck

- Even at low speeds riding in the bed of a truck, covered or uncovered, is dangerous.
 - » There's nothing to keep you safe in the event of a crash.
 - » A bump or curve can cause riders to be thrown from the truck bed.
- Persons under age 18 may not ride in the open bed of a truck at a speed greater than 15 miles per hour (24 kilometers per hour) on a public roadway.
 - » This does not apply to a vehicle controlled or operated by an employer or employee of a farm operation, construction business, or similar enterprise during the course of work activities.

A hand holding a smartphone in a car, with a semi-transparent orange banner overlaid containing the title text. The background shows the car's interior, including the steering wheel and dashboard, and a blurred view of a road with streetlights and buildings in the distance.

Things that Impair Driving Ability

Mobile Phone Use

- Do not read, manually type, or send a text message while driving.
 - » Drivers may make mobile phone calls and use GPS units affixed to the vehicle.
 - » Individual cities, townships, and counties may enact mobile phone bans in their jurisdiction. These will be posted when entering the area.
- The fine for a first offense of texting while driving is \$100.

Distracted Driving

- Drivers who become distracted and commit a traffic violation can receive a ticket.
- Distracted driving can include:
 - » Using a cell phone or texting.
 - » Eating and drinking.
 - » Talking to passengers.
 - » Grooming.
 - » Reading, including maps.
 - » Using a navigation system.
 - » Watching a video.
 - » Changing the radio station, CD, or MP3 player.

Minors Drinking

- It is illegal for persons under age 21 to have alcohol in their possession.
 - » Persons under age 21 may not purchase or consume alcohol.
- It is illegal to purchase or provide alcohol to persons under age 21.
 - » Adults are legally responsible if a person under age 21 consumes alcohol in their home.
- It is illegal for persons under age 21 to operate a vehicle while impaired by alcohol at any level.

Impaired Driving

- Do not operate a vehicle under the influence of alcohol, drugs, or any other intoxicating substance that impairs your ability to drive.
 - » A driver is considered impaired with a blood alcohol content of .08 or higher.
 - » A driver can be arrested at any blood alcohol content level if police believe he/she is driving while impaired.
 - » Refusal to take a chemical test will result in a suspended license.
- Penalties are higher if convicted with a blood alcohol content of .17 or higher.
- A conviction for operating while intoxicated can result in:
 - » A suspended license.
 - » Installation of an ignition interlock device.
 - » Immobilization of the vehicle.
 - » Confiscation of license plates.
 - » Denial of automobile registration.
- Violators can also face points on a driver's license, heavy fines, jail time, and mandatory alcohol use programs. The penalties are more severe for drivers with previous convictions, even if they are from another state or country.
- When driving or riding in a vehicle, do not possess or transport alcohol in an open or uncapped container.

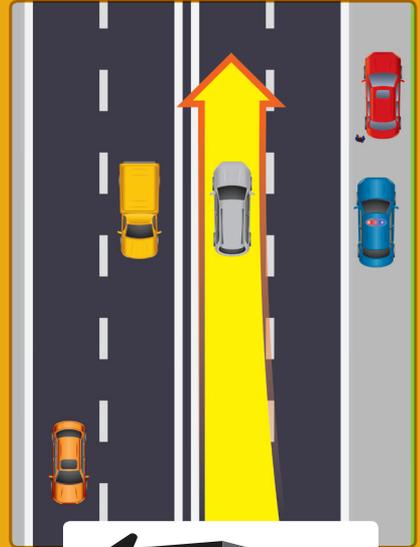

A grayscale photograph of a child from behind, wearing a dark jacket and a backpack with reflective yellow stripes. The child is standing on a paved surface in front of a school bus. A large octagonal stop sign is mounted on the side of the bus. The bus has "STOP" written on the sign and "ELMWOOD SCHOOL" partially visible on its side. A horizontal yellow band is overlaid across the middle of the image, containing the title text.

Rules of the Road

“Move Over” Law

- For stationary emergency vehicles with their flashing lights on:
 - » Move over one lane, or
 - » Slow down and pass with caution if a lane is not available.
- Failure to move over is four points on a driver’s license and at least a \$150 fine.
- Types of emergency vehicles include:
 - » Police vehicles
 - » Fire trucks
 - » Ambulances or rescue vehicles
 - » Tow trucks
 - » Service or courtesy vehicles

School Buses

- Treat school buses like traffic signals.
 - » **No lights (green)** = proceed safely
 - » **Overhead flashing yellow** = prepare to stop
 - » **Overhead flashing red** = stop
- Stop at least 20 feet away.
 - » Vehicles in both lanes of travel must stop.
 - » Vehicles on the opposite side of a divided highway do not need to stop.
- Slow down in or near school and residential areas where children might be playing.
 - » Be on the lookout for safety patrols, crossing guards, bicycles, and playgrounds.
- Watch for children between parked vehicles and other objects.

Construction Zones

- Areas of roadway will be marked by signs and orange reflective cones and barrels.
 - » Drive with extra caution until passing the sign indicating end of construction zone.
- Adjust driving speed for posted limit and keep up with the flow of traffic.
 - » Lower speed to 45 miles per hour when workers are present.
- Penalties for speeding or crashing in a construction zone include:
 - » Double the fine.
 - » Larger number of points on a driver's license.
 - » Possible jail time.
- Be courteous; construction zones are necessary to improve roads and make them safe.

Lanes of Travel

- Vehicles should travel in the right-hand lane if the road has two or more lanes of travel in one direction.
 - » Exceptions are for passing another vehicle.

Driving Violations

- Driver's license holders are subject to all fees, fines, restrictions, laws, and enforcement of Michigan laws.
- Failure to pay fines and fees or show up in court may result in a suspended license as well as additional costs and penalties.
- The reason for the violation will always be listed on the ticket.

Traffic Violation Bond

- Nonresidents who receive a driving violation may be asked to pay the police a bond of up to \$100 in cash or surrender their driver's license.
 - » The money is for the court, not the police.
 - » Police will give you a receipt when you pay.
- Drivers must still pay the ticket or attend court.
 - » If attending court within 10 days, the bond will be applied toward the fines and court costs, and the remaining bond money will be returned.
 - » If payment is remitted by mail, the bond will be returned.
- Surrendered driver's licenses will be returned upon payment of the ticket or appearance in court.
 - » The ticket will be noted to indicate a surrendered driver's license.
 - » The ticket is not considered a driver's license. Tickets should be paid as soon as possible to avoid driving without a valid license.

Interaction with Police

- Michigan police are service oriented with the goal of keeping you safe. Traffic patrols are meant to reduce crashes, injuries, and deaths.
- When stopped, your safety and the safety of police are the primary concerns.
 - » Be courteous and cooperative.
 - » Stay in your vehicle unless police ask you to get out. Both the driver and passengers may be asked to step out.
 - » Keep your hands where the police can see them and avoid making any sudden moves.
 - » Ask before opening compartments or containers to get paperwork.
- Police have the right to ask to see a driver's license, proof of insurance, and proof of vehicle registration.
 - » Police will not generally ask for proof of legal status in the country.
- If you feel you were not responsible for the violation, you have the right to a court hearing.
- If you feel you were not treated fairly, you have the right to contact the police officer's supervisor.
 - » Contact legal services if you need information or assistance.

Vehicle registration and insurance

- Vehicles must be legally registered in Michigan, another state, or country of residence.
- Vehicles operated in Michigan for more than 90 consecutive days must be registered in Michigan.
- Proof of valid vehicle insurance may be provided to police in paper or electronic form, such as a mobile phone.
 - » Police may request to have the electronic copy forwarded to them for verification.
- Vehicle owners must purchase Michigan no-fault insurance before registering their vehicle. Out-of-state insurance policies are not accepted.
 - » Coverage for vehicle damage and vehicle theft are not required but are recommended additions.

Titling and Registering a Vehicle

When purchasing a vehicle from an individual

Purchase vehicle

You do not need a license plate to drive your new vehicle directly home in Michigan within 3 days of purchase.

Get insurance for your new vehicle

Bring title and proof of insurance into a Secretary of State office to get registration, plate, and tabs for the new vehicle

It is best if you AND the seller go to a Secretary of State office to complete the title transfer.

When purchasing a vehicle from a dealership

The dealer will:

Handle all the paperwork for title, registration, and plate

Make sure you have purchased and present proof of Michigan no-fault insurance.

Collect the required fees and taxes

Provide you with copies of all documents

Michigan driver's license

- Licensed drivers must be a Michigan resident and U.S. citizen or have permanent or temporary legal presence.
 - » Residency means you live in Michigan and have established you are legally present in the state.
- A valid driver's license or state identification card from another state or Canada can be used until residency is established.
- Drivers age 17 and younger are licensed under Michigan's Graduated Driver Licensing program unless licensed in another state for more than one year.

Foreign driver's license

- Nonresidents from certain countries may operate a vehicle in Michigan with a valid driver's license. Select countries are listed below. For a complete list visit Michigan.gov/SOS.
- Nonresidents with a valid driver's license from all other countries may operate a vehicle in Michigan as long as they:
 - » Are not paid or compensated for driving.
 - » Are legally present in the United States.
 - » Carry a driver's license with an English translation, an International Driving Permit, or corresponding document.
