Today's Agenda

- ❖ Welcome & Introductions
- ❖ Overview of PIPH Purposes & Components
- ❖ Final Vision & Mission
- ❖ Presentation of Health Status Data & Michigan's Public Health Capacity
- ❖ Update on Draft PIPH Subcommittee Work
- ❖ Next Steps
- ❖ Questions & Answers

OVERVIEW OF PIPH PURPOSE & COMPONENTS

PURPOSE OF THE PLAN FOR IMPROVING POPULATION HEALTH (PIPH)

Describe how Michigan is creating health, equity, and well being through clinical and community-based prevention strategies that address the social determinants of health.

Components of the PIPH

- ❖ **Overall health burden** in the state & priority health concerns
- ❖ **Current capacity** to improve population health (major initiatives & infrastructure, key stakeholders)
- ❖ **Plan for improving health**, including goals, objectives, strategies, & supports for effective implementation

Plan Goals

Improve health and wellbeing of the state's population through interventions that will support the triple aim.

The Plan should:

- Use evidence-based, preventive, population focused interventions that address social determinants of health; policy, systems, and environmental change; and the health care delivery system (including innovative models of health care delivery)
- Address health disparities and work toward health equity
- Include strategies led by both governmental & non-governmental partners

Partners Involved

- ❖ MDHHS
 - ❖ Public Health Administration
 - ❖ Medicaid
 - ❖ Behavioral Health
 - ❖ Maternal & Child Health
 - ❖ Policy & Planning
 - ❖ Laboratories
 - ❖ Epidemiology
- ❖ Michigan Department of Environment, Great Lakes, & Energy
- ❖ Local Health Departments
- ❖ SIM Community Health Innovation Regions Regions
- ❖ Patient Centered Medical Homes

Michigan's Approach to the PIPH

KEY ACTIONS SINCE NOVEMBER 2018

- ❖ Developed a consensus vision and mission statement
- ❖ Developed a detailed PIPH outline
- ❖ Developed a stakeholder engagement strategy
- ❖ Formed subcommittees, guided by charters and a set of principles
 - ❖ Public Health Capacity & Health Status
- ❖ Formed subcommittees to develop the Plan
 - ❖ Healthcare, Clinical and Community Linkages, & Community Conditions Subcommittees

REVISED VISION & MISSION STATEMENT

Vision & Mission: Process

- The draft vision & mission were developed through facilitated conversations with the MDHHS Internal Workgroup.
- Additional feedback has been gathered through conversations with stakeholders.
- Revisions were made to the vision statement to incorporate feedback.

Vision & Mission

Vision

Creating fair, just, and equitable conditions so all people in Michigan thrive and achieve optimal health.

Mission

To leverage the collective power of community partnerships to create conditions that foster health, equity, and wellbeing.

MICHIGAN HEALTH STATUS DATA

Domain	Intent
Healthcare	<ol style="list-style-type: none"> 1. Access patient/client perception of their physical and/or mental health and potential impact on overall wellbeing and independence. 2. Assess healthcare access related to cost, or more broadly, economic stability
Food	Assess food insecurity, access and affordability
Employment & Income	Assess potential joblessness, and income stability
Housing & Shelter	Assess potential risk of homelessness, and housing instability
Utilities	Assess risk, not whether there has been a shut off notice or had services shut off, but as a proxy of economic stability. This question intentionally focuses more broadly than services shut off (i.e. include notices)
Family Care	Assess whether dependent care may be a barrier to (patient, client, beneficiary) taking care of themselves; assess the potential need for respite care and/or any patient concerns around current family care arrangements
Education	Assess patient/client education level, ability for economic independence/stability and potential activation
Transportation	Assess if transportation, or lack of transportation, is a limiting factor in daily life (i.e. goes beyond medical transportation)
Personal and Environmental Safety	Assess potential concerns of personal safety in a broad enough sense to capture potential for subsequent domestic violence screening
General	<ol style="list-style-type: none"> 1. Identify if any of the needs the patient, client, beneficiary indicated above are already being addressed or not, and whether the patient, client, beneficiary is open to assistance activation 2. Assess severity of identified needs

Telling the Story about SDoH Health Outcomes

EDUCATION

- Percent of Population ≥ 25 Years with Less than a High School Diploma, Michigan 2011-2015
- Elementary Absenteeism
- Suspension/Expulsion Rates
- Literacy Rates
- Dropout Rates

EMPLOYMENT & INCOME

- Percent of Population Living Below Federal Poverty Level, Michigan 2011-2015
- Investment in Local Economy Data

FAMILY CARE

- Childcare Cost by Employment Status of Mother
- Quality Elder Care*

FOOD

- Food Security Status of Households in 2017
- Hunger Rates
- Food Insecurity Rates by County
- Access to Healthy Foods*

HAZARDS

- Childhood Lead Exposure*
- Air & Water Pollution Data*

Telling the Story about SDoH Health Outcomes

HOUSING

- Quality of Housing Stock*
- Percent of renters paying >30% of income on rent, Michigan 2011-2015
- Homelessness Data*

HEALTHCARE

- No healthcare access in past 12-months, age-adjusted
- No routine check-up in past year, age adjusted
- No healthcare coverage among 18-64 year-olds
- No dental visit in past year, age adjusted

PERSONAL & ENVIRONMENTAL SAFETY

- Confirmed victims of abuse/neglect, ages 0-17

TRANSPORTATION

- Percent of households with no vehicle available for use, Michigan 2011-2015
- Access to public transportation*

Public Health Capacity: Programs to Meet Basic Needs

HEALTHCARE

- Medicaid Outreach
- Michigan Elder Prescription Assistance Program

FOOD

- SNAP
- WIC

HOUSING

- Healthy Homes

TRANSPORTATION

- Children & Youth With Special Health Care Needs – Transportation Services
- Michigan Transportation Authority Ride Share

ENVIRONMENTAL QUALITY

- Water Testing
- Food Sanitation & Investigation

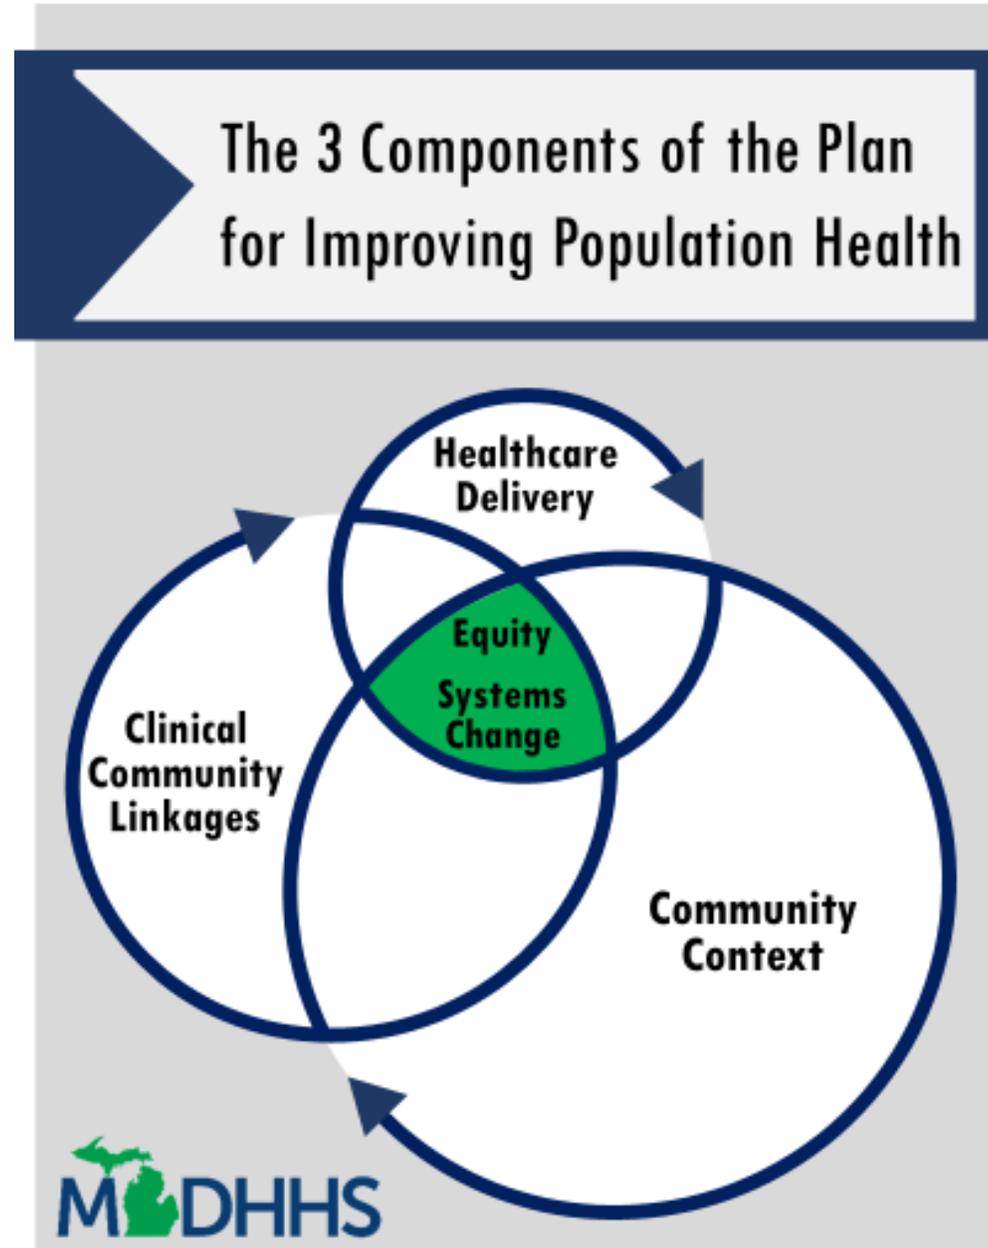

EMPLOYMENT & INCOME

- Emergency Financial Assistance

UPDATE ON DRAFT PLAN

3 Components of the Plan for Improving Population Health

PIPH Subcommittees

Three subcommittees were convened to develop the plan portion of the PIPH. To date, the subcommittees have:

- Met in person to brainstorm strategies related to each component of the plan
- Participated in a prioritization survey & process to select strategies
- Developed key components of the plan related to each strategy:
 - Goals, objectives, performance measures, partners, & resources

Healthcare Delivery Subcommittee Plan:

DRAFT 1

Michigan will improve the process for using screening and referral tools to identify and address basic needs and improve the overall health of all Michiganders

Strategy 1

Provide community-driven screening and referral tools and processes to address basic needs that are culturally and linguistically appropriate.

Strategy 2

Address financial barriers to basic needs screening and referrals for healthcare and non-healthcare providers

Clinical & Community Linkages Subcommittee Plan:

DRAFT 1

Michigan’s clinical and community service providers will support clients in navigating a well-coordinated and accessible service delivery network.

Strategy 1

Expand the network of basic needs screening and referral options to include agencies that already serve marginalized communities.

Strategy 2

Provide support and tools to streamline entry into services and coordination between clinical and community providers.

Community Conditions Subcommittee

Goal statement for Community Conditions Subcommittee is still in development

Strategy 1

Build local and state capacity to identify and address policies and policy gaps that drive inequities

Strategy 2

Shift state funding to be more flexible to meet local needs and to support collaboration and innovation around the social determinants of health

Next Steps

- ❖ Gather additional feedback from subcommittee members – **September**
- ❖ Facilitate 2nd round of stakeholder feedbacks sessions (i.e. CHIRs, SIM PHA Workgroup, local health department representatives, etc.) – **October**
- ❖ Finalize draft plan content – **October**
- ❖ Post draft plan for public comment – **November**
- ❖ Incorporate public comment feedback – **December**
- ❖ Submit final plan to CMS – **January 2020**
