Statutory Reference: R325.132 Rule 8 (3) (a) At least quarterly, a region shall submit evidence of ongoing activity, such as meeting notices, minutes to the department.

Resource Update: Facility Designation Status: (Provisional = Prov)

Facility Name	Designated	Level of Designation	Provisional
Ascension Macomb/Oakland-Warren	Yes	III	N/A
Ascension Providence-Nov	Yes	II	N/A
Ascension Providence-Rochester	Yes	III	N/A
Ascension Providence-Southfield	Yes	II	N/A
Beaumont-Farmington Hills	Yes	II	N/A
Beaumont-Grosse Point	Yes	III	N/A
Beaumont-Royal Oak	Yes	I	N/A
Beaumont-Troy	Yes	II	N/A
Henry Ford-Macomb	Yes	II	N/A
Henry Ford-West Bloomfield	Yes	III	N/A
Huron Valley Sinai	No	III	N/A
Lake Huron Medical Center	Yes	III	N/A
McLaren-Macomb	Yes	II	N/A
McLaren-Oakland	Yes	II	N/A
McLaren-Port Huron	Yes	III	N/A
St. John Macomb/Oakland-Madison Heights	Yes	IV	N/A

St. John-River District	Yes	IV	N/A
St. Joseph Mercy-Oakland	Yes	II	N/A

Work Plan Objective Progress and Highlights:

complete sections that have progress within the quarter

Injury Prevention

Indicator(s): 203.5 The RTN has developed a written injury prevention plan. The injury prevention plan is data driven and targeted programs are developed based upon high injury risk areas. Specific goals with measurable objectives are incorporated into the injury prevention plan.

Progress: Our Regional Injury Prevention Plan was not discussed at the March 2020 RTAC meeting due to the length of discussion regarding the drafted application/workplan and bylaws. It will be placed on our next RTAC agenda for June.

Communications

Indicator(s): 105.7 An assessment of the needs of the general medical community, including physicians, nurses, pre-hospital care providers, and others, concerning trauma system information, has system information, has been conducted.

Progress: There was much discussion regarding this indicator. It was thought that MTC is partnering with the department for a trauma media campaign soon.

Infrastructure

Indicator(s): 303.2 The regional trauma network plan should ensure that the number, levels, and distribution of trauma facilities are communicated to all partners and stakeholders. The RTN should develop procedures to ensure that trauma patients are transported to an appropriate facility that is prepared to provide care. This indicator is directed at the process for diversion of a trauma patient from a hospital

Progress: There was much discussion regarding the ability to track “diversion”. The regional stakeholders thought this indicator was really intended to look at “bypass” as diversion is tracked in facility PRQ’s. There were concerns about EMS diversion discussed, and the clarification was made that EMS follows Triage/Transport and Destination protocols that allow the bypass of a lower level facility to transport to a higher level.

Regional Performance Improvement

Indicator(s): 303.4 There is a regional trauma bypass protocol that provides EMS guidance for bypassing a trauma care facility for another more appropriate trauma care facility.

Progress: Like the infrastructure discussion, there was discussion on how to evaluate this. The stakeholders were made aware that Biospatial has developed reports that are specific to this indicator and that once the department gets the initial report it will be included in the RPSRO Inventory.

Continuum of Care

Indicator(s): Not currently worked on this quarter
Progress: NA

Trauma Education

Indicator(s): Not currently worked on this quarter
Progress: The question was posed to the RTAC membership whether the need for an education committee was still needed with the education requirements being so well outlined for trauma staff. The committee felt that it was something they would like to address further at our next meeting.

Other relevant activities information:

Huron Valley Sinai hospital completed their initial designation process and were not designated. I will be working with their TPM giving any assistance needed to get them back in the process.

Administrative Rule Requirements:

- Yes - Quarterly meeting minutes on shared drive.
- Yes - All MCA's participating in the RTN.
- Yes - Performance improvement ongoing.
