

The Number and Percentage of Children Receiving Timely Health Examinations and Required Mental Health Examinations After Entry Into Foster Care

(FY 2018 Appropriation Act - Public Act 107 of 2017)

April 1, 2018

Sec. 511. The department shall provide semiannual reports to the senate and house appropriations subcommittees on the department budget, the senate and house standing committees on families and human services, and the senate and house fiscal agencies and policy offices on the number and percentage of children who received timely health examinations after entry into foster care and the number and percentage of children entering foster care who received a required mental health examination after entry into foster care.

Michigan Department of
Health & Human Services

RICK SNYDER, GOVERNOR
NICK LYON, DIRECTOR

The Number and Percentage of Children Receiving Timely Health Examinations and Required Mental Health Examinations After Entry Into Foster Care

Data for this semiannual report is gathered from September 1, 2017, through February, 28, 2018, as complete data is unavailable for the final month (March) of the six-month period. During this time, the Michigan Department of Health and Human Services had a compliance rate of 83 percent for timely completion of the 2,076 simultaneous medical and mental health exams completed within 30 days of the child's placement into foster care.
