## **CWTI Training Programs/Courses Cost Report**

(FY2017 Appropriation Act - Public Act 268 of 2016)

## March 1, 2017

- Sec. 558. (1) The department shall explore ways to maximize use of training programs or courses provided through the child welfare training institute accessible online and in service areas throughout the state, provided the delivery is an appropriate option for achieving specific learning objectives. These training programs and courses shall be made available to employees of private child placing agencies and child caring institutions.
- (2) The department shall conduct a workgroup consisting of members from the department, private child placing agencies, and child caring institutions, with the goal of reducing the current 4 weeks of centralized child welfare institute training class time. It is the intent of the legislature that the number of days of in-person pre-service child welfare training be reduced by 50%. Not later than November 1 of the current fiscal year, the department shall provide a report to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office on the findings of the workgroup, including the timeline, feasibility, and cost for the implementation plan required to implement the child welfare training institute redesign.
- (3) The department shall submit to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office by March 1 of the current fiscal year a report on the training programs or courses provided through the child welfare training institute described in subsection (1), and the annual cost for each program or course. The report shall include the following data:
  - (a) The number of training programs or courses that were provided for private agencies.
  - (b) The number of employees from private agencies who attended any training.
  - (c) The number of training programs or courses that were provided through an online forum.
  - (d) The number of training programs or courses that were provided in local service areas.
- (e) For courses that are in-person or not accessible online, attendance figures for each course.

RICK SNYDER, GOVERNOR NICK LYON, DIRECTOR

## **Section 558(3)**

(FY2017 Appropriation Act - Public Act 286 of 2016)

To ensure child welfare staff are being prepared to provide the safety, permanency and well-being of children and families, the Child Welfare Training Institute (CWTI) supports over 6,000 DHHS and private agency employees with training on laws, programs, policies, skills, the Michigan Teaming Engagement Assessment, and Mentoring (MiTEAM) practice model and the philosophy of Michigan's child welfare system. Training is delivered to private agency staff at no cost to the agencies.

The programs supported by CWTI include Children's Protective Services, foster care, adoption, juvenile justice, family preservation, and Parent Resources for Information, Development, and Education (PRIDE). The training modalities include instructor-led classroom training and computer based trainings. Several of the in-service training courses offered through CWTI are in partnership with a university consortium, or through vendors with subject matter expertise.

The Fiscal Year 2016 data regarding the training programs supported by CWTI is below.

3.1(a) The number of training programs or courses that were provided for private agencies	248
3.1 (b) The number of employees from private agencies who attended training	
Pre-service Institute (PSI), Program Specific Transfer Training (PSTT) and Child Welfare Supervisory (unduplicated)	440
Total course completions by private agency staff (not unduplicated)*	2,323
*Completions for non-mandatory courses are tracked at the course level and then compiled; disaggregated data reflecting an unduplicated total is not available.	
3.1(c) The number of training programs or courses that were provided through an online forum	123 online courses
3.1(d) The number of training programs or courses that were provided in local service areas	248 trainings were offered in 38 counties across the state
3.1(e) For courses that are in-person, or not accessible online, attendance figures for each course	2,763 total completions for private agency employees
	4,979 total completions for DHHS employees
	See attachment for attendance figures for each course.
