3. Current percentage of FIP cases that meet federal work participation requirement.

The federal work participation rate is based on a monthly review of a statistically valid sample of federally-funded active FIP recipients who have been referred to PATH and have completed the required FIP 21-day orientation. Reviews are completed by the MDHHS Compliance Division (*formerly - Office of Quality Assurance and Internal Control*) and the work participation rate is calculated per federal regulations. The current percentage of federally-funded FIP cases (meeting the above qualifications) that meet federal work participation requirements broken down by month for the 3rd quarter of Fiscal Year 2018 is:

April 2018	52.90%
May 2018	67.61%
June 2018	47.83%

The year-to-date work participation rate through the 3rd quarter of Fiscal Year 2018 (October 2017 – June 2018) is **60.36%** as of September 25, 2018. The FIP work participation rates are point-in-time rates subject to change based on receipt of verifications and review by the federal Department of Health and Human Services, Administration for Children and Families.

Please Note: The following table provides details regarding the data included for each quarterly report for Fiscal Year 2018.
