Facility Settlement

General Information

General Information

- Each Facility is required to file an annual Medicaid Cost Report. The Medicaid Cost Report was developed to support the prospective payment system (PPS) reimbursement in compliance with Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act (BIPA) of 2000. The Medicaid Cost Report will be used to collect data required for the facility to receive the PPS rate for services provided to Medicaid, MIChild, and MOMS recipients.
- THCs are not required to submit a Cost Report; however, the Facility Settlement system will automatically submit a cost report once the due date has elapsed.
- The Facility Settlement system is meant to be a tool for THCs to use. In the case that a facility does choose to use the Facility Settlement system for cost settlement purposes please follow the succeeding slides.
