

## ACCESS to MiBRIDGE using the MiLogin User Authentication

All users requiring access to MiBRIDGE must register in MiLogin. There are two types of users that can access applications using MiLogin, State of Michigan employees and Third Party users.

### State of Michigan Employees:

State of Michigan employees should already have a MiLogin account. Your username and password will be the same as your computer. To access your account click on the following link:

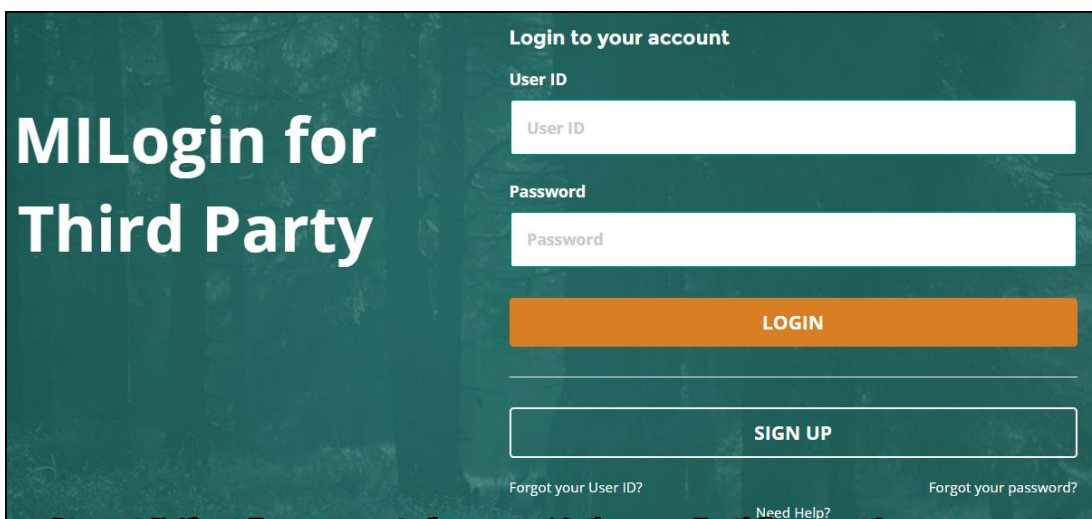

- State of Michigan employees please click on this link: <https://miloginworker.michigan.gov>

### Local Agencies, Consultants, and All other Users:

Users not employed by the State of Michigan will use the **MiLogin for Third Party** access to State of Michigan applications. Users can create a new account, recover their User ID, or reset their password by following this link:

- All users other than State of Michigan employees click on this link: <https://milogintp.michigan.gov>

Once in MiLogin, users can add applications to their account by clicking on “Request Access” in the menu bar. Type MiBRIDGE in the search box to find this application.

## Request Access

1 Search Application 2 Additional Information

### Search Application

Search for an application with a keyword or select an agency to view its applications

MiBRIDGE  -- Select Agencies --

 **Michigan Department of Transportation (MDOT)**

MDOT MiBRIDGE

Click on MDOT MiBRIDGE in the search results to request access. The user will need to confirm the request by clicking on the Request Access button in the popup window.

**MDOT MiBRIDGE** ✕

MiB<sup>RIDGE</sup> is a web-based application designed to allow users to securely view and enter inspection and inventory data for bridges and culverts. MiB<sup>RIDGE</sup> is used by MDOT, Local Agencies, and other state agencies to manage bridges and culverts throughout the state.

CANCEL ✕ REQUEST ACCESS

Provide the requested additional information and click "Submit"

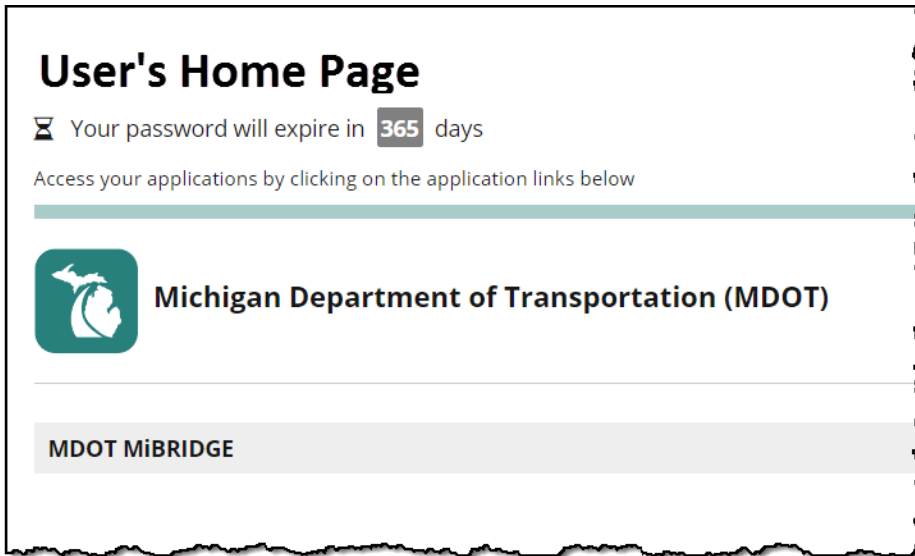

The screenshot shows a web form titled "Request Access". At the top right, there is a progress indicator with two steps: "1 Search Application" (completed, marked with a green checkmark) and "2 Additional Information" (current step, marked with an orange circle). Below the title, the heading "Additional Information" is followed by the instruction "Provide following information to submit your access request". A horizontal line separates this from the input fields. Below the line, there is a note "\* Required". Two input fields are present: "\* Email Address" and "\* Work Phone Number". At the bottom of the form, there are two buttons: "SUBMIT" (orange) and "RESET" (white with orange border).

You should receive confirmation that access has been successfully submitted. Click on the Home button to verify that you are now subscribed to MiBRIDGE

The screenshot shows the "Request Access" page after submission. The progress indicator now shows only step "1 Search Application" (completed, marked with a green checkmark). The heading "Confirmation" is displayed. Below it, a green box contains a green checkmark and the text "Success". Below the green box, there are two lines of text: "The request for your access has been successfully submitted." and "You will see the updated list of application(s) on your home page once it is processed." At the bottom of the page, there is a single orange button labeled "HOME".

Please follow the final step on the next page to complete the user account request.

On the MiLogin Home Page, click on MDOT MiBRIDGE. For new accounts this creates your user access request in the MiBRIDGE application.

 **Michigan Department of Transportation (MDOT)**

---

**MDOT MiBRIDGE**

A MiBRIDGE System Administrator will need to verify your account information before access is fully completed. After you click on MiBRIDGE from the MiLogin Home Page, an automatic email is sent the MiBRIDGE System Administrator reminding them to review your account information and complete the final approval. For new accounts prior to role and jurisdiction assignment, you will receive the following message when trying to access MiBRIDGE.
